GENERAL INFORMATION

MISSION STATEMENTS

RIVERSIDE COMMUNITY COLLEGE DISTRICT

Riverside Community College District is dedicated to the success of our students and to the development of the communities we serve. To advance this mission, our colleges and learning centers provide educational and student services to meet the needs and expectations of their unique communities of learners. To support this mission, District Offices provide our colleges with central services and leadership in the areas of advocacy, resource development, and planning.

RIVERSIDE CITY COLLEGE

Riverside City College provides an affordable, high-quality education, including comprehensive student services and community programs, by empowering and supporting a diverse community of learners as they work toward individual achievement and life-long learning. To help students achieve their goals, the college offers tutorial and supplemental instruction, pre-college courses, transfer programs, career preparation, and technical programs leading to certificates or associate degrees. Based on a learner-centered philosophy, the college fosters critical thinking, develops information and communication skills, expands the breadth and application of knowledge, and promotes community and global awareness.

GOALS — 2005-2015

Improve student retention and success by strengthening certificate, degree, and transfer programs and by establishing new programs and course sequences that lead students to opportunities for transfer education and career preparation.

Ensure that the resources of the district support an effective learning process and ensure accountability by measuring and reporting on institutional effectiveness.

Utilize advances in information technologies to improve effectiveness of instruction, services, and administration.

Improve the capability for economic development and community services by strengthening partnerships with other educational institutions, business, labor, and government to enhance seamless educational opportunity and continuity for students.

Tailor programs and services to meet the needs of the students and communities served by the three-campus District.

Increase the college-going rate in the area by reaching out to underrepresented and underserved populations and designing programs, services, and approaches relevant to the diverse segments of the community.

OUR VISION AND VALUES

Historically the Riverside Community College District has pursued fulfillment of the Mission Statement and the Trustee-adopted Goals by affirming its vision and values:

FUNCTIONS

GENERAL EDUCATION

Goal: General education is available at all three campuses (Riverside City College, Moreno Valley and Norco) of the Riverside Community College District. A person informed through general education about the conceptual schemes of the arts, humanities and sciences, who comprehends the structure of society and who thinks clearly about the individual and society, will have the tools by which he or she may function efficiently. Such an individual is encouraged to utilize these tools in developing a conception of a commitment to a good life involving able and responsible citizenship, moral and humane relationships, and appreciation of the democratic processes and the culture which sustains our society.

Objective: Specifically, the campuses offer to all of its students a pattern of courses designed to produce an awareness of self and to provide (1) a basic competence with the English language in its written and spoken form; (2) at least a minimum competence in mathematics; (3) a knowledge of American history and governmental institutions; (4) regard for health, mental and physical, of oneself and of the community at large; (5) a grasp of the principles of the major divisions of human studies, humanities and science with some understanding of basic disciplines and methodologies; and (6) knowledge in some depth of one subject area.

GENERAL EDUCATION STUDENT LEARNING OUTCOMES

Every student who graduates from the three campuses of RCCD with an A.A. or A.S. degree is unique—almost no two take exactly the same courses. But to be educated is to possess some values in common, some shared competencies and modes of thought. Thus all graduates meet a 23-unit general education requirement that gives them broad exposure to ideas and skills outside their own areas of special interest. After successfully completing the GE requirement, all students should be able to . . .

The General Education Student Learning Outcomes were approved by the Board of Trustees on December 12, 2006.

TRANSFER OR LOWER DIVISION EDUCATION

Goal: Many students attending the campuses of Riverside Community College District desire the Baccalaureate Degree. Accordingly, the district is committed to providing transfer and lower division education to qualified students.

Objective: The campuses provide courses which parallel those of the lower division of the California State University system, the University of California, and of private universities so that qualified students may transfer to four-year public or private institutions.

CAREER AND TECHNICAL EDUCATION

Goal: Occupational programs, through an advisory process, respond to the changing needs of our communities' labor market to provide a skilled workforce for business and industry including public and private sectors.

Objective: At the campuses, occupational skills training provides specialized occupational programs that lead individuals either directly to employment or allows for employed individuals to update their skills and knowledge so that they may proceed further in their career endeavors.

REMEDIAL OR DEVELOPMENTAL EDUCATION

Goal: The diverse levels of students' skills demand that the campuses provide students with support services to assist them in acquiring those skills that are prerequisite to success in college.

Objective: The campuses provides courses in the use of basic learning skills at levels appropriate to those students who must remedy deficiencies. The campuses provide for preassessment, advisement, and specialized programs.

COMMUNITY EDUCATION

Goal: Riverside Community College District seeks to provide a variety of informational, recreational, and skill building opportunities responsive to community needs. Community Education is a self-supporting entity of the college not funded by tax payer dollars. Classes and programs are not-for-credit.

Objective: Community Education offers professional and personal development classes, and recreational classes for district residents of all ages.

STUDENT SERVICES

Goal: Recognizing the need for a comprehensive learning experience for students, the campuses provide a wide variety of nonclassroom experiences and services which shall assist students in achieving their educational and career goals.

Objective: The campuses provide a fully integrated program of admission, orientation, assessment, advisement, placement, and registration for students which is consistent with the college's overall mission.

In addition, the campuses have developed a wide range of student support services such as financial assistance, health services, child care, services for students with a disability, and similar special education services and programs, which along with a comprehensive program of student activities, athletics, fine arts, and student government, enhance the student's overall learning experience at the campuses.

HISTORY AND DEVELOPMENT

Founded in 1916 in response to a general petition of the electors, Riverside Community College has served our communities for nearly nine decades. In the beginning, the College educated 100 students in classrooms on the Polytechnic High School campus.

On June 2, 1964, a separate five-person governing Board of Trustees was elected and the Riverside Junior College District was completely separated from the Riverside City School system. The legal entity which operates the college is officially known as the Riverside Community College District and encompasses the Alvord, Corona/Norco, Jurupa, Moreno Valley, and Riverside Unified School Districts and the Val Verde School District.

On February 3, 1964, the Board of Trustees authorized the purchase of a second site for a future campus in the Sierra area of Riverside. On July 1, 1984, the Corona/Norco Unified School District was annexed to the Riverside Community College District and on June 4, 1985, more than 141 acres of federal United States Navy land in Norco was acquired from the General Services Administration by way of the United States Department of Education. On March 16, 1987, 112 acres of privately-owned land in Moreno Valley was donated to the college by the Robert P. Warmington Company; in 1989, 20 more acres were added to the site.

The Moreno Valley and Norco Campuses, opened in March 1991, have grown rapidly and were granted Candidacy for Accreditation in 2008 (see the following accreditation section). It is projected that by the year 2020, more than 57,000 students will attend classes at the three campuses.

ACADEMIC FREEDOM

The faculty, administration, and Board of Trustees subscribe to the American Association of University Professors' [1940 Statement of Principles on Academic Freedom and Tenure](#):

“Institutions of higher education are conducted for the common good and not to further the interest of either the individual teacher or the institution as a whole. The common good depends upon the free search for truth and its free expression.”

“Academic freedom is essential to these purposes and applied to both teaching and research. Freedom in research is fundamental to the advancement of truth. Academic freedom in its teaching aspect is fundamental for the protection of the rights of the teacher in teaching and of the student to freedom in learning. It carries with it duties correlative with rights.”

“The teacher is entitled to full freedom in research and in the publication of the results, subject to the adequate performance of his/her other academic duties; but research for pecuniary return should be based upon an understanding with the authorities of the institution.”

“The teacher is entitled to freedom in the classroom in discussing his/her subject, but he/she should be careful not to introduce into his/her teaching controversial matters which have no relation to his/her subject.”

“Limitations of academic freedom because of religious or other aims of the institution should be clearly stated in writing at the time of the appointment.”

“The college or university teacher is a citizen, a member of a learned profession, and an officer of an educational institution. When he/she speaks or writes as a citizen, he/she should be free from institutional censorship and discipline, but his/her special position in the community imposes special obligations. As a person of learning and an educational officer, he/she should remember that the public judges his/her profession and his/her institution by his/her utterances. Hence he/she should at all times be accurate, should exercise appropriate restraint, should show respect for the opinions of others, and should make every effort to indicate that he/she is not an institutional spokesman.”

ACCREDITATION

Riverside Community College District includes Riverside City College, which is accredited by the Accrediting Commission for Community and Junior Colleges of the Western Association of Schools and Colleges (ACCJC). The Norco and Moreno Valley Campuses are candidates for accreditation by the ACCJC, 10 Commercial Blvd. Suite 204, Novato, CA 94949, 415-506-0234, an institutional accrediting body recognized by the Council For Higher Education Accreditation and the U.S. Department of Education. Candidate for Accreditation is a status of preliminary affiliation with the Commission initially awarded for up to two years. Candidacy is not accreditation and does not assure eventual accreditation. Riverside City College is approved under the regulations of the Board of Governors, California Community Colleges, by the Office of Private Postsecondary Education for the training of veterans, by the United States State Department for nonquota immigrant students, and by the United States Department of Health, Education, and Welfare. The University of California, the California State University and Colleges and other colleges and universities give full credit for appropriate courses completed in the Riverside Community College District.

DISTRICT MEMBERSHIPS

The three campuses of Riverside Community College District hold memberships in the Council for Higher Education Accreditation, the Accrediting Commission for Community and Junior Colleges, the Council on Law in Higher Education, the Commission on Athletics, the Community Colleges for International Education, the Community College League of California, the Consortium for North American Higher Education Collaboration, the American Council on Education, the Community College Leadership Development Initiatives, the College Board, the American Association of Community Colleges, the Hispanic Association of Colleges and Universities, The Riverside Downtown Partnership, the Greater Riverside Hispanic Chamber of Commerce, the Great Riverside Chamber of Commerce, the Corona Chamber of Commerce, the Norco Chamber of Commerce, the Greater Corona Hispanic Chamber of Commerce, the Moreno Valley Chamber of Commerce, Moreno Valley Hispanic Chamber of Commerce, and Moreno Valley African American Chamber of Commerce.

PUBLIC AFFAIRS AND INSTITUTIONAL ADVANCEMENT

Service to the community is a significant function of all public two-year colleges. An important part of this service is to provide the public with information about the college and the activities of its students, and to work with the community to further common goals through sponsorships and partnerships. At Riverside Community College District this is the responsibility of the Public Affairs and Institutional Advancement Office. College departments are assisted with enrollment-development marketing; securing newspaper, radio and cable TV publicity; and publicizing their programs through District print and online publications.

ACADEMIC YEAR

The academic year consists of fall and spring terms, which extend from August to June, plus a winter and a summer session. The calendar for the 2009-2010 academic year appears in the front of the catalog. Courses offered during the various sessions are similar in scope and maintain equivalent standards.

PROGRAM LENGTH

Courses that are part of the requirements for Associate of Science or Associate of Arts degree patterns as well as those that comprise state or locally approved certificate patterns and concentrations are scheduled in such a manner that students who attend either full or part time are able to successfully complete their goals within a reasonable length of time.

WHO MAY ATTEND

Individuals who meet any one of the following criteria are eligible to attend the three campuses of Riverside Community College District:

- Have graduated from high school or
- Have passed the CA High School Proficiency Exam or
- Have passed the GED examination or
- Did not graduate from high school but are 18 years of age or older or
- Are an eligible high school student who has satisfied concurrent enrollment admissions requirements or
- Are an international student who has satisfied specific international student admissions requirements

Admission to the campuses of Riverside Community College District are regulated by state law as prescribed in the California Education Code.

Open Enrollment

It is the policy of the Riverside Community College District that, unless specifically exempted by statute, every course, course section or class, the average daily attendance of which is to be reported for state aid, wherever offered and maintained by the district, shall be fully open to enrollment and participation by any person who has been admitted to the college and who meets such prerequisites as may be established pursuant to Title 5 of the California Administrative Code.

High School Students/Concurrent Enrollment

The California Education Code Sections 48800, 48800.5 and 76001 (a) and (b) permit minor students to enroll in community college courses for college credit with the intent that these students are to be enrolled strictly for the purpose of seeking advanced scholastic or vocational work (i.e. college level courses). Education Code 76001(i) specifies that the principal of a school may recommend not more than five percent of the total number of students at any single grade level for the summer school session.

Students who have completed the 10th grade or reached their 16th birthday may apply for admission as a special student at Riverside Community College District. Individual departments determine which of their courses are appropriate for minor students. Enrollment is contingent on (a) meeting prerequisites and (b) course availability. Students must reapply each term.

Students must have approval from a principal or his/her certified school official and a parent or guardian each term they seek to enroll. Students must also demonstrate that they can benefit from college level classes by passing the Concurrent Admissions test. This test is available at all RCCD

campuses. Students who meet the minimum test requirements need not take the test again, but must submit a copy of test results each term they seek to enroll. Students who do not meet the minimum test requirements can retest after one calendar year. Students may apply to take 8 units or less for fall and spring terms and 5 units or less for winter and summer terms. High school students do not pay enrollment fees but are required to pay health fees. Admission to RCCD does not guarantee registration in a class. Admitted students must attend the first day of class and ask to be added to the class. Students obtain registration materials online at www.rcc.edu and complete the registration process in person at the Admissions office at the Riverside, Norco, or Moreno Valley campuses.

Dates/deadlines to complete and submit documents are: Summer Session: March 1 to May 31; Fall Semester: March 1 to August 15; Winter Intersession: October 1 to November 30; Spring Semester: October 1 to January 31. If dates fall on a weekend the deadline is the next business day. After the first two weeks of the term students may again apply for admission to shorter-term classes in the same term. Documents must be received at least two weeks prior to the start of the class.

Students who plan to continue attending RCCD after exiting high school must submit a new RCCD application as first-time students.

ADMISSION AND REGISTRATION OF STUDENTS

Admission Application

Individuals must complete an application for admission if they have never enrolled at Riverside Community College District. Returning students must submit an application if they have previously taken one or more courses at RCCD, but did not attend in the previous Fall or Spring Semester. However, if students apply for the Winter Intersession they do not need to reapply for spring, even if they do not register for winter classes. And, if students apply for the Summer term, they do not need to reapply for Fall, even if they do not register for Summer classes.

Online applications can be submitted any time at www.rcc.edu and take approximately 24 hours to process (weekends and holidays excepted). Paper applications take up to a week to process.

Schedule of Classes

Schedules are mailed to continuing, new and returning students. The Class Schedule is also available at www.rcc.edu.

Registration

Registration appointment dates as well as information on holds that may restrict registration may be viewed on WebAdvisor at www.rcc.edu approximately 6-8 weeks before the term begins. Students can register on Web Advisor or Phone Reg on or after their scheduled appointment date through the end of the registration period. Before registering, students must complete any necessary requirements, i.e. Assessment, Orientation/Group Counseling. Refer to the section on Matriculation: "[Are You Exempt From Matriculation?](#)" Students with a readmit contract and approved high school concurrent students must register in person at Admissions.

Students can pay fees by credit card on WebAdvisor or Phone Reg, mail a check or money order or pay at one of the campuses. See the Schedule of Classes or www.rcc.edu for payment deadlines. My Account Summary can be viewed or printed on WebAdvisor.

All prerequisites will be enforced during registration and must be verified by high school and/or college transcripts.

Procedure for Adding and Dropping Classes

Once a class has begun, a student may only add a class with the instructor's permission. Students can then add classes through WebAdvisor at www.rcc.edu or Phone Reg with an authorization code obtained from the instructor. All adds must be completed by the Add deadline posted in the Class Schedule and on WebAdvisor.

Students may withdraw from courses by using WebAdvisor or Phone Reg prior to the drop deadlines. If there is a hold restricting use of the web or the phone, the student may bring a completed ADD/DROP card to the Admissions counter at any campus and drop classes there. Deadlines to add, drop, and receive a refund are available on Web Advisor. It is the student's responsibility to drop a class he/she no longer attends.

Units for Full -Time/Part-Time Status

For full-time status, a student must be enrolled in at least 12 units of credit for the fall/spring semesters and 6 units of credit for the winter/summer terms. Students who are enrolled in less than 12 units for fall/spring terms or less than 6 units for winter/summer are considered to be part-time. Specialized programs may have a different unit requirement for full-time status because of state mandates. The maximum amount of units a student may enroll in is 18 for fall and spring and 9 for winter and summer. Students wishing to enroll in more than 18 units must have an established GPA of 3.0 or higher. A counselor must sign an ADD card after verifying the GPA and the student must register in person for the over limit units.

Attendance

All students are expected to attend every session of every course in which they are enrolled. Failure to do so may indicate lack of serious purpose. Students who fail to attend the first class meeting and/or week may be dropped from the class. Religious observances and military duty, however, are excused. The student should inform their instructors prior to such an absence.

Work missed for unavoidable cause may be made up with the instructor's approval. Under no circumstances will absence for any reason excuse the student from completing all the work assigned in a given course. After an absence, it is the responsibility of the student to check with the instructor about the completion of missed assignments.

**For information on auditing classes,
see the [Graduation Requirements](#) section.**

LIMITATIONS ON ENROLLMENT

Riverside Community College District offers some courses which place limitations on enrollment. These limitations may include successful completion of courses, successful completion of online tutorials to demonstrate computer skills, preparation levels for math and English, performance criteria, or health and safety conditions. Students who do not meet the conditions imposed by these limitations will be blocked from enrolling in these classes.

Remedial Limitation

Riverside Community College District Board Policy 6092 limits the number of units students can earn for remedial/pre-collegiate basic skills courses to 24 semester units. Pre-collegiate/basic skills courses are defined as those two or more levels below college level English and one or more levels below elementary algebra. Riverside Community College District has designated certain courses as pre-collegiate basic

skills courses. These courses include reading, writing, computation, learning skills and study skills designed to assist students in acquiring the skills needed for college level courses. These courses are considered non-degree applicable and earn credit but are not counted toward the 60 units required for the associate degree. Non-degree courses do apply toward: residency, athletic eligibility, work study and financial aid, veterans benefits, associated student body office, and full-time status. Non-degree credit status is indicated at the end of the course description.

Exemptions

All developmental courses taken by students enrolled in English as a Second Language course are exempted. Students identified by the District for learning disabled programs are also exempted. Students with documented disabilities may petition the Admissions and Records Office for exemption status on a case-by-case basis.

Prerequisite

When a course has a **prerequisite**, it means that a student must have certain knowledge to be successful in the course. The prior knowledge may be a skill (type 40 wpm), an ability (speaks and writes French fluently), a placement preparation score, or successful completion of a course (grade C or better in CHE-1A). Completion of the prerequisite is required **prior** to enrolling in the class. Students who have completed a course at another institution for which they would like credit must fill out a Prerequisite Validation Form in order to have coursework on official transcripts validated for math, English, or other prerequisites. If you are currently enrolled in a prerequisite course at Riverside Community College District (i.e. Math 52), you will be allowed to register for the succeeding class (i.e. Math 35). However, if you do not pass the prerequisite course with at least a C grade, you will be dropped from the succeeding class. Successful completion of a prerequisite requires a grade of C or better, P (Pass), or CR (Credit). C-, D, F, NP (No Pass), NC (No Credit), or I grades are not acceptable.

Corequisite

When a course has a **corequisite**, it means that a student is required to take another course concurrent with or prior to enrollment in the course. Knowing the information presented in the corequisite course is considered necessary for a student to be successful in the course. (Completion of, or concurrent enrollment in, Math 1A is required for Physics 4A.)

It is the student's responsibility to know and meet the course prerequisites and corequisites. These are stated in the course descriptions of the [schedule of classes](#) and the [current college catalog](#). A student may be required to file proof of prerequisite and corequisite requirements.

Advisory

When a course has an **advisory**, it means that a student is recommended to have certain preparation before entering the course. The preparation is considered advantageous to a student's success in the course. Since the preparation is advised, but not required, to meet the condition before or in conjunction with enrollment in the course (eligibility for ENG 1A is recommended) students will not be blocked from enrolling in a class if they do not meet the advisory.

Official Evaluation of Credit Completed at Other Schools

Students who have completed credit at RCCD or other institutions and wish to obtain a Riverside City College, Moreno Valley, or Norco RCCD degree, certificate, or transfer to a CSU or UC, may request an official evaluation by completing a "Student Request for Official Evaluation" form. These forms are available in the Counseling

Department. The student must currently be enrolled at RCCD. The official evaluation will be completed by the Evaluations Office once all official transcripts (ones that are received by RCCD directly from the issuing institution), are received. A copy of the completed evaluation will be forwarded to the student.

Health Requirements

It is recommended that each student new to Riverside Community College District have current immunizations and a physical examination by his or her family physician before enrolling. Students who plan to participate in intercollegiate athletics should contact the physical education department about sports physicals. Student-Parents of the children in the Child Development Center must have a tuberculin skin test or a chest x-ray that is negative for tuberculosis. Their children are required to have this as well as be up to date on their immunizations of DPT, MMR, TOPV.

MATRICULATION

The matriculation program at the three campuses of Riverside Community College District is intended to assist students in establishing appropriate educational goals and to provide support services to help them achieve these goals. Students eligible for matriculation will be provided an evaluation of basic skills, orientation, counseling, completion of an educational plan and follow-up services. All first-time college students must complete Assessment, Orientation and Counseling prior to registering for classes.

Assessment of Basic Skills

Preparation levels are required for placement in English, ESL, mathematics, and reading courses. These placement levels are based on a combination of test scores and other academic experience. Because RCCD uses multiple measure placement criteria, placement levels are enforced as prerequisites to courses. Students who have a documented disability requiring a unique accommodation can take the test in the Office of Disabled Students Programs and Services. To request this service, call: Riverside, (951) 222-8060; or TDD, (951) 222-8061.

Most new students are required to take an assessment test upon initial entry into RCCD and before Counseling appointments can be made or enrollment into any classes. The Accuplacer test is used for placement into English, math and reading courses, and the PTESL (Proficiency Test in English as a Second Language) is used for placement into ESL courses. Some returning students and students transferring to RCCD from another college may need to test as well (Consult a counselor).

In most cases, there is no appointment necessary for the Accuplacer test. An appointment is required for the PTESL. Both tests are available at all RCCD campuses. Limited testing is also available at the Rubidoux Annex (Accuplacer and PTESL). Hours of operation are posted outside each Assessment Center and are available online (see link below.) Students can also call to confirm hours of service: Riverside, (951) 222-8451; and Rubidoux, (951) 328-3790.

Students are required to present photo identification in order to test; a state or federal issued driver's license or ID is preferred, but passports and high school ID are also acceptable. In order to preserve a comfortable and quiet testing environment, only students taking the test can remain in the Assessment Center. Friends and family (including minors) who are not testing cannot remain in the room.

Students who have completed the Accuplacer test at another college

can petition to have those test results evaluated for use at RCCD. The student's Accuplacer test print-out (not a student records program print-out) showing the test raw scores must be submitted in person at one of the Assessment Centers along with a special Matriculation Appeal. Students must have completed the test no earlier than one year prior to submission for evaluation. Evaluations and processing takes from one to five working days.

Assessment tests are meant to be a one-time only assessment of your skills and abilities upon your initial entry into the college. Retesting is available under certain circumstances – consult a Counselor or visit the Assessment Web site (below).

Extensive information on assessment testing, test preparation, details of all tests available, sample questions, hours of operation and more is available at <http://www.rcc.edu/services/assessment/index.cfm>

It is strongly recommended that students enroll in an appropriate composition course (English 1A, 50, 60A or 60B) during their first or second semester of enrollment. Students who do not meet Riverside Community College District's reading competency requirement should also enroll in an appropriate reading class (Reading 81, 82 or 83) within their first 18 units undertaken at the college. Development of competent reading and writing skills is necessary for the student's success as more and more college courses put increasing emphasis on the student's ability to read at a college level and to write clear, correct English.

Orientation/Counseling

All first-time college students must attend a freshman orientation/counseling session prior to registering for courses. During these sessions, counselors will introduce students to services and educational programs at Riverside City College; provide students with information on registration procedures and placement results; and assist students in developing their first semester educational plans. Call (951) 222-8440 or stop by the Counseling department to schedule a freshman orientation/counseling session. New students, who did not complete Guidance 45, Introduction to College at their high schools, should register for this course during their first semester at RCCD.

Counseling for Continuing Students

Continuing matriculated students are entitled to see a counselor who can recommend appropriate coursework based on assessment results, review of past school records, and other information provided by the students. Students who have attended other college(s) must request to have an official transcript(s) sent to Riverside City College before scheduling counseling appointments or a Student Educational Plan.

All students pursuing certificate or degree programs, either Associate or Baccalaureate, should see their counselor each semester to review their "Student Educational Plans" (S.E.P.).

Are You Exempt From Matriculation Pre-Enrollment Requirements?

The following board approved criteria define exempt students at Riverside Community College District:

- A. Students who have completed 60 or more units or who have graduated from an accredited U.S. college or university with an AA degree or higher.
- B. First-time college students who have declared one of the following goals:

- Advance in current career/job
- Maintain certificate/license
- Educational development
- Complete credits for high school diploma

C. Students who are enrolled full time at another institution (high school or college) and will be taking five units or fewer

Follow-Up

Counselors and teachers will provide follow-up activities on behalf of matriculated students. “Early Alert” follow-up activities are designed to inform students of their progress early in the semester and to continue to assist students in accomplishing their educational goals. “Probation/dismissal” activities help students make progress toward successful completion of their academic goals. Referrals for appropriate support services will be made to on-campus and off-campus locations when appropriate.

Students Rights and Responsibilities

Prerequisites for courses will be enforced according to District policy. Students have the right to challenge prerequisites on the following grounds:

1. The successful completion (C or better) of an equivalent course from another accredited college or university.
2. The prerequisite has not been validated.
3. The student has the knowledge or ability to succeed in the course despite not meeting the prerequisite.
4. A prerequisite for a course necessary for graduation, transfer or certificate is not offered and the unavailability of said prerequisite poses a hardship.
5. The prerequisite is discriminatory or being applied in a discriminatory manner.

The *Matriculation Appeals Petition* form to challenge prerequisites is available in the Counseling Center on all three campuses.

Students challenging a prerequisite based on unofficial documentation may submit a Matriculation Appeals Petition one time only. Students are required to submit official transcripts from all previous colleges after that time. “Official” is defined as transcripts no more than 90 days (3 months) old and in a sealed envelope from the original institution.

Students may appeal to retake the placement test:

- After 12 months has passed from previous tests
- or
- Based on compelling evidence that the initial placement level is not an accurate reflection of the student’s abilities
- or
- After proof of appropriate academic intervention has occurred.

Please Note: Once the student has begun the course sequence, retesting is not an option.

It is the student’s responsibility to a) complete placement testing and orientation prior to registering for classes, b) express a broad educational intent upon admission and c) declare a specific educational goal by the time 15 semester units are completed. The student is also responsible for participating in counseling, attending class, completing assignments and maintaining progress toward that educational goal.

If you have questions regarding the matriculation process, please contact the Counseling Center at Riverside (951) 222-8440.

Student Educational Plan

Counselors are available to assist matriculated students in developing an educational plan that outlines the courses and services necessary to achieve their goals. When goals or majors are changed, students must see a counselor to update their educational plan. To ensure this procedure, matriculated students are encouraged to make an appointment with a counselor. *Due to a high demand for counseling during the winter and summer sessions, it is highly recommended that continuing students see a counselor during the spring and fall semesters to complete a Student Educational Plan.*

A student’s college program will be more meaningful if he or she has acquired a clear educational objective. This may be a desire to broaden his or her knowledge as a foundation for upper division college work or to develop marketable occupational skills. A student undecided about objectives may receive help by studying the sections in the catalog entitled “Curricular Patterns.” The student is also invited to discuss personal goals with a college counselor.

FEES/RESIDENCY REQUIREMENTS

ALL FEES ARE SUBJECT TO CHANGE DUE TO STATE LEGISLATIVE ACTION OR RCCD BOARD POLICY CHANGES

Each student at the time of admission or readmission is classified according to his/her legal residence. Evidence is required to prove physical presence in California and intent to make California the permanent home. Residency determination is made as of the first day of the semester of application. All documents must be submitted prior to that date.

Enrollment Fees-California Residents

Students shall be classified as California residents for enrollment fee purposes when they have been a legal resident of California one year and one day prior to the term of application. The one year period begins when a student is not only present in California but also has demonstrated clear intent to become a permanent resident of California.

The enrollment fee for California residents is set per state legislation.

Non-Resident Tuition and Fees

A student who is not considered a California resident for enrollment fee purposes may be eligible for admission to Riverside Community College District. Students from other states will be classified as out-of-state residents and are required to pay a non-resident tuition fee in addition to the resident enrollment fee.

Out-of-country non-residents also pay a processing fee and a non-refundable per unit surcharge; they are also required to buy health insurance.

AB 540 Non-Resident Fee Waiver

A student who qualifies for the Non-Resident Fee Waiver will be exempt from paying the out-of-state tuition fee and will pay the per unit resident enrollment fee.

Any student other than a non-immigrant alien within the meaning of paragraph (15) of subsection (a) of Section 1101 of Title 8 of the United States Code, who meets all of the following requirements shall

be exempt from paying non-resident tuition at Riverside Community College District if he/she signs an affidavit verifying:

A student who meets the qualifications for the Non-Resident Fee Waiver is not a resident of the state of California until he/she meets physical presence and intent requirements as stated in the "Residence Classification for Tuition Purposes" section above. Therefore, students are not eligible for any state supported financial aid such as the Board of Governors Waiver, etc.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA)

Riverside Community College District adheres to the policies of the Family Educational Rights and Privacy Act (FERPA) when establishing and maintaining education records. Although the college applies the provisions of FERPA in a strict manner, the law allows the college to release student directory information. RCCD, based on FERPA regulations, designates as directory information the following: student's name, address, telephone listing, e-mail, major field of study, dates of attendance, enrollment status, (e.g., full-time/part-time) participation in officially recognized activities and sports, weight and height of members of athletic teams, degree and awards received, the most recent previous public or private school attended by the student, and any other information authorized in writing by the students.

Students have the opportunity to request that their directory information be maintained as confidential. In completing the admission application, students are provided this opportunity. Students who are continuing students with RCCD may go to the Student Services office at the Moreno Valley or Norco campus or to the Admissions and Records office at the Riverside City campus and request to have directory information withheld.

The student's prior written consent is not required to disclose non-directory information under specific conditions according to FERPA regulations. Included under this provision is the ability to disclosure education records to parents of a student under 18 years of age as defined in Section 152 of the Internal Revenue Code of 1986. Refer to www.rcc.edu/ferpa/ for more information.

The Family Education Right and Privacy Act (FERPA) affords students certain rights with respect to their education records. These rights include:

1. The right to inspect and review the student's education records within 45 days of the date RCCD receives a request for access. Copies are not provided if the student has an outstanding financial or other hold on the records. The District may assess a charge pursuant to Board Policy Regulation 7045 for furnishing copies of any education record. Students should submit to the Admissions and Records, dean, head of the academic department, or other appropriate official, written requests that identify the record(s) they wish to inspect. The RCCD official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the RCCD official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.
2. The right to request the amendment of the student's education

records that the student believes are inaccurate or misleading. Students may ask RCCD to amend a records that they believe is inaccurate or misleading. They should write the RCCD official responsible for the record, clearly identify the part of the record they want to changed, and specify why it is inaccurate or misleading. If RCCD decides not to amend the record as requested by the student, RCCD will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedure will be provided to the student when notified of the right to a hearing.

3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorized disclosure without consent. One exception which permits disclosure without consent is disclosure to college officials with legitimate educational interests. A college official is a person employed by RCCD in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom RCCD has contracted (such as an attorney, auditor, collection agent or agents or organizations conducting studies on behalf of the college); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another college official in performing his or her tasks. A college official has a legitimate educational interest if the official needs to review an educational record in order to fulfill his or her professional responsibility. Upon request, RCCD discloses education records without consent to officials of another school in which a student seeks or intends to enroll.
4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by RCCD to comply with the requirements of FERPA.

FILING A COMPLAINT

This is a summary of your right to file an informal or formal complaint of discrimination or sexual harassment. This is only a summary. Please see Board Policies and Administrative procedures BP/AP3410 and BP/AP3430, and AP3435 for the complete District procedure.

INFORMAL/FORMAL COMPLAINT PROCEDURE:

- You have the right to request that the charges be resolved informally, at which time the District will undertake efforts to informally resolve the charges.
- You do not need to participate in informal resolution.
- You have the right to file a formal complaint, even if you have previously requested informal resolution (see below for the procedure for doing so).
- You will not be required to confront or work out problems with the person accused of unlawful discrimination.
- You may file a non-employment-based complaint with the U.S. Department of Education Office for Civil Rights (OCR) where such a complaint is within that agency's jurisdiction.
- If your complaint is employment-related, you may file a complaint with the U.S. Equal Employment Opportunity Commission (EEOC) and/or the California Department of Fair Employment and Housing (DFEH) where such a complaint is within that agency's jurisdiction.
- Retaliation is unlawful. If you feel you are being retaliated against as a result of filing a complaint, please contact the RCCD Diversity and Human Resources Department immediately.

PURPOSE OF THE INFORMAL RESOLUTION

PROCESS:

The purpose of the informal resolution process is to allow an individual who believes she/he has been unlawfully discriminated against to resolve the issue through a mediation process rather than the formal complaint process. Typically, the informal process will be invoked when there is a simple misunderstanding or you do not wish to file a formal complaint. Resolution of an informal complaint may require nothing more than a clarification of the misunderstanding or an apology from the alleged offender and an assurance that the offending behavior will cease. You will be notified of the outcome of the investigation in the informal process, and will also be notified of the resolution proposed by the District.

If you pursue the informal process, you should note the following important points:

- You will need to sign a document which indicates that you have selected the informal resolution process.
- The District will complete its investigation within the time period required by Board Policy unless you voluntarily rescind your complaint prior to completion.

Selecting the informal resolution process does not prevent you from later deciding to file a formal complaint (subject to all of the rules for

Por lo tanto, el Distrito también prohíbe rigurosamente represalias en contra de cualquier individuo por archivar una queja, que remite un motivo de investigación o queja, quien participa en una investigación, que representa o sirve como un abogado por una presunta víctima o un presunto delincuente, o cualquier premovimiento de los principios de discriminación ilegal o acoso.

HACER UNA QUEJA

Este es un resumen del derecho que usted tiene a presentar una queja formal de discriminación o de acoso sexual. Este es sólo un resumen. Por favor vea las Políticas de la Junta Directiva Escolar y los Procedimientos Administrativos BP/AP 3410 y BP/AP 3430, y AP 3435 para el procedimiento completo del Distrito.

PROCEDIMIENTO PARA UNA QUEJA FORMAL/ INFORMAL:

- Usted tiene derecho a solicitar que los cargos sean resueltos informalmente, durante este tiempo, el Distrito se encargará de hacer lo necesario para solucionar los cargos informalmente.
- Usted no necesita participar en una resolución informal.
- Usted tiene derecho a presentar una queja formal, aún en el caso que anteriormente haya solicitado una resolución informal (mire la parte posterior para el procedimiento a seguir en este caso).
- A usted no se le pedirá que confronte o que trate de resolver los problemas con la persona acusada de discriminación ilícita.
- Usted puede presentar una queja basada en el rehusado de empleo en la Oficina del Departamento de Educación de Estados Unidos de Derechos Civiles (OCR, por sus siglas en inglés) siempre y cuando dicha queja esté dentro de la jurisdicción de esa agencia.
- Si su queja es relacionada a empleo, usted puede presentar una queja en la Comisión de Estados Unidos de Igualdad en Oportunidad de Empleo (EEOC, por sus siglas en inglés) y/o el Departamento de Igualdad en el Empleo y la Vivienda (DFEH, por sus siglas en inglés) siempre y cuando dicha queja esté dentro de la jurisdicción de esa agencia.
- Están prohibidas las represalias. Si usted siente que están usando represalias en su contra como resultado de haber presentado una queja, por favor pongase en contacto con el Departamento de Diversidad y Recursos Humanos de RCCD.

EL PROPOSITO DE LA RESOLUCION INFORMAL:

El propósito del proceso en una resolución informal es permitir que un individuo, el cual cree ha sido ilícitamente discriminado en contra, pueda resolver la situación por medio de un proceso de mediación en lugar de un proceso de queja formal. Típicamente, el proceso informal será invocado cuando haya un simple malentendido, o usted no desee presentar una queja formal. La resolución de una queja informal puede que no requiera más que una aclaración del malentendido o una disculpa por parte del supuesto ofensor y una declaración de que el comportamiento ofensivo cesará. Usted será notificado acerca del resultado de la investigación del proceso informal, y también será notificado de la resolución propuesta por el Distrito.

Si usted da seguimiento al proceso informal, deberá tomar en cuenta los siguientes puntos importantes:

- Usted necesitará firmar un documento el cual indique que usted ha elegido el proceso de la resolución informal.
- El Distrito completará su investigación en el período de tiempo requerido por la política de la Junta Directiva Escolar, a menos que usted voluntariamente rescinda su queja antes de ser terminada la investigación.

That form is available at www.rcc.edu/administration/board/policies.cfm, www.rcc.edu/administration/hr/dec.cfm, from the Diversity and Human Resources Department, or on the State Chancellor's Web page at www.cccco.edu.

STUDENT LIFE

ACADEMIC HONESTY

Academic honesty and integrity are core values of the Riverside Community College District. Students are expected to perform their work (except when collaboration is expressly permitted by the course instructor). Believing in and maintaining a climate of honesty is integral to ensuring fair grading for all students. Acts of academic dishonesty entail plagiarizing—using another’s words, ideas, data, or product without appropriate acknowledgment—and cheating—the intentional use of or attempted use of unauthorized material, information, or study aids on any academic exercise. Students who violate the standards of student conduct will be subject to disciplinary action as stated in the “Standards of Student Conduct,” listed in the Student Handbook. Faculty, students, and administrators all share the responsibility to maintain an environment which practices academic integrity.

THE ARTS

ART

The visual arts at Riverside Community College District play a significant role in students’ lives. Painting, drawing, design, ceramics, sculpture, art history, computer and animation students have access to outstanding studio facilities as well as a large library collection of periodicals, books, and videos. Also unique to the library is a permanent art collection on display in offices throughout the Riverside campus.

Each year, two student clubs, the Art Club and the Clay Club, award scholarships to art students who desire a future in the arts. The clubs also organize extracurricular events such as student art exhibitions, guest artist workshops, and field trips to art museums.

The college art gallery is located on the Riverside campus in the A.G. Paul Quadrangle room number 140. The Quad Art Gallery is an exceptional display space that exhibits works by national and regional artists as well as yearly exhibitions of faculty and student works providing a variety of culturally diverse art to the community.

DANCE

The Dance Department at Riverside City College provides a full schedule of classes and activities that meet the needs of dance majors and minors as well as the recreational dancer. In addition to its broad range of dance technique and lecture courses, the Dance Department at RCC also sponsors:

- master classes in dance and Pilates with notable guest artists;
- high school outreach;
- informal on-campus performances; and
- several major concerts during the year.

Dancers for Life is a benefit dance concert featuring professional choreographers and dance companies. The RCC faculty dance concert, *Kinetic Conversations*, features faculty choreography and performance, student dancers, and guest artists. *Collaborations* is an opportunity to showcase various dance and performance artists in concert. The student dance concert, *Celebrate Dance*, focuses on the work of RCC student choreographers and dancers.

Other small RCC Dance performance ensembles include ACDF and RCC Dance Touring Ensembles. America College Dance Festival (ACDF) is an organization of community college and university dance programs across the United States. For the past four years, RCC Dance has been featured in the gala concert of ACDF, which recognizes the best work of emerging college dancers and choreographers. The RCC Dance Touring Ensemble is a select group of student dancers who work

as a company for the entire year performing at various schools in the Inland Empire and represent RCC at various on-campus events. Concert and ensemble auditions are open to all students. Student interested in auditioning should check the Dance Department website: www.academic.rcc.edu/dance.

FILM SERIES

From time to time the college sponsors a free series of film classics open to students and the general public. The series is also open to registered students as a one-unit course, English 37, Film Appreciation, which has a lecture/discussion component.

THEATER ARTS

The Theater Arts have long been an important component of life on the Riverside Community College Campus. The Theater Department provides a performance curriculum based on the University of California and California State University systems for students who wish to transfer. In addition, we provide performance opportunities through our play series. The annual productions include four to five musical and non-musical student shows. The productions are designed with professional elements and can feature professional actors. Students are offered the opportunity to work both on stage and backstage.

The SFS department will educate students on how to apply for various types of financial assistance, offer financial aid academic counseling and will provide a variety of resources to students to educate them about financial aid. Through continual staff training and software updates, the SFS department strives to provide an accurate and efficient environment for staff and students. The SFS department will educate staff regarding new policies and procedures through on and off campus trainings and conferences as well as visits to other community colleges to learn best practices.

Objectives

- Achieve an environment conducive to learning by providing a variety of financial assistance workshops, applications, literature and websites to assist students with the financial aid process.
- Encourage students to apply for financial assistance using the latest technology by applying on-line at www.fafsa.ed.gov. For current information and the dates of financial assistance workshops, please visit our website at www.rcc.edu/studentfinancialservices.
- Increase the number of applicants by working hand-in-hand with local schools, community service offices and by attending outreach events.
- Increase awareness of the availability of financial assistance by providing marketing through e-mail, websites, marquee, sandwich boards, banners, fliers and literature.
- Offer excellent customer service by using a variety of methods such as personal assistance, phone contact, e-mail, website, individual appointments, and literature.
- Offer scholarship applications and/or information for those students still in need of financial assistance with their educational expenses. The Federal Family Educational Loan Program is also available to those in need of additional financial assistance.
- Offer academic counseling services to all financial aid students on all 3 campuses. Services include academic counseling, Student Education Plan (SEP) development or revision, guidance on financial aid appeals, review of Approved Class Lists (ACL) as well as other counseling functions.

The Free Application for Federal Student Aid (FAFSA)

The initial application used in applying for financial assistance is the Free Application for Federal Student Aid (FAFSA). The FAFSA application is available online at www.fafsa.ed.gov and workshops are available throughout the year to assist students with completion of the FAFSA. For workshop times and dates, please view our website at www.rcc.edu/studentfinancialservices. The FAFSA must be completed for each academic year. Riverside Community College District's Title IV code of 001270 must be listed in order for your FAFSA record(s) to be received by our department for all 3 campuses. The FAFSA is available January 1st of each year and will determine eligibility for the following academic year. It is recommended that the FAFSA be completed prior to March 2nd to ensure priority processing and to maximize your funding.

***New:** If you are considered a dependent student and cannot provide your parents information on the FAFSA application, we ask that you

first complete the FAFSA application and submit it online. If after completing the FAFSA application you are still required to provide your parents information and are not able to, please visit any SFS office and ask to speak to an analyst regarding a Petition for Independent Status (Dependency Override).

Completing the FAFSA will determine your eligibility for the following:

- **The Board of Governors Fee Waiver (BOGW)** is a state program which waives enrollment fees for qualifying CA resident students. If determined eligible, the BOGW will waive enrollment fees for the entire academic year beginning with summer and ending with the following spring. During the fall and spring semesters, the parking fee will be reduced to \$20.00 per semester. The BOGW does not pay for books or other educational supplies, the student services or health fees or additional class fees (such as art and CPR fees as listed in the schedule of classes) To apply, complete the Free Application for Federal Student Aid (FAFSA) online at www.fafsa.ed.gov and list RCC School code #001270 for all 3 campuses and you will be automatically awarded the BOGW if eligible. No separate application is required. If you are not a California Resident, you may be eligible to apply for a non-resident tuition exemption through the AB 540 program. See Admissions and Records for additional information or view our consumer guide online.
- **Federal Pell Grant** (up to \$4713 for the academic year, subject to change) is awarded to eligible undergraduate students to assist in paying for educational expenses and are awarded based on financial need. Unlike loans, Pell Grants do not have to be repaid (unless you withdraw from courses and owe a refund or do not successfully pass your courses). The information that you provide on the Free Application for Federal Student Aid (FAFSA) is used to produce an Expected Family Contribution (EFC). This EFC number will determine if you are eligible for the Pell Grant and for how much. How much you receive will depend not only on your EFC but also on the number of units you are enrolled in and whether you attend school for a full academic year. Students enrolled less than ½ time (less than 6 units) may qualify for a Pell Grant. Once you have completed all application procedures with the SFS Office, your Pell Grant eligibility will be determined. You will receive an award letter via your RCC student e-mail indicating how much financial aid you have been awarded, including the Pell Grant. All award letters are based on full-time enrollment and disbursements are adjusted based on units. Please note that you may not receive Pell Grant funds from more than one school for the same period of enrollment.
- **Federal Supplemental Educational Opportunity Grant (FSEOG)** (up to \$1000 for the academic year at RCC) is awarded to undergraduate students with exceptional financial need and have the lowest expected family contribution (EFC) granted on the FAFSA. Like the Pell Grant, it is a cash award that does not require repayment. Due to limited funding, priority is given to students who apply for the FAFSA by the March 2nd deadline and qualify for the maximum Pell Grant award. This grant is awarded until funds are exhausted.
- **Academic Competitiveness Grant (ACG)** (ranges from \$750-\$1300 per academic year) is intended to provide additional funds for full-time college students who completed a "rigorous course

of study” during their high school years. The high school must validate whether the student meets one of the following options for eligibility for the 2009-2010 school year:

- **The California Golden State Merit Diploma**
- **A set of courses similar to the State Scholars Initiative**
- **Advanced Placement (AP) or International Baccalaureate (IB) courses and test scores.**
- **California A-G Requirements**

These recent high school graduates may be eligible for the additional ACG for up to \$750 for their first year of college and \$1300 for their second year.

- **Cal Grants** (up to \$1551 per academic year) are awarded by the California Student Aid Commission (CSAC) to California residents attending a qualifying institution at least half time (6 or more units). The deadline to apply for these grants is March 2nd of every year. For students attending California Community Colleges, there is an additional deadline of September 2nd. To apply for the Cal Grant awards, you need to complete the FAFSA and have your GPA verified by the above deadlines. If you are awarded a Cal Grant by CSAC and are choosing to attend RCCD, you must ensure that your financial aid file is completed, that you have an active academic program (major) on file with the Admissions and Records office, other than Undecided, and you must be meeting the RCCD Student Financial Services Satisfactory Academic Progress (SAP) standard. Disbursement is contingent upon eligibility and funding.
- **CHAFEE Grant Program** provides grants of up to \$5,000 to eligible foster youth. An Independent Living Coordinator with the Department of Public Social Services determines whether or not a student is an eligible foster youth. Students must be enrolled in college or vocational school at least half-time (6 units) during the Fall and/or Spring semester and must meet Satisfactory Academic Progress (SAP) before the Chafee grant can be disbursed. The FAFSA application is required for RCCD to verify eligibility for this grant. Disbursement is contingent upon eligibility and funding. An application for this grant can be completed at www.chafee.csac.ca.gov. Paper applications can be picked up in the SFS Office and after completion, mailed to CSAC. This grant will be renewed automatically by CSAC as long as the student meets specific criteria. Each CHAFEE Grant disbursement is released by CSAC during the Fall and/or Spring semester at which time the SFS Office reviews the student's eligibility prior to the disbursement being released to the student.
- **Child Development Grant Program** (\$1000 per academic year) is for participants who intend to teach or supervise in the field of child care and development in a licensed children's center. Students must be enrolled in at least half-time (6 units) during the fall and/or spring semester and must meet Satisfactory Academic Progress (SAP) for each semester. A paper application is available in April and can be picked up in the SFS Office or Early Childhood Education Office. It is also available online at www.csac.ca.gov for printing. It must be completed and submitted to Shari Yates, Assistant Professor, Early Childhood Studies in the Early Childhood Education Office. The deadline to submit this application is June 15th. A FAFSA application is required for RCCD to determine eligibility for this grant. A new application must be submitted for each academic year. The Child Development Grant disbursement is released by CSAC during the Fall and/or Spring semester at which time the SFS Office reviews the student's eligibility prior to the disbursement being released to the student.

- **Federal Work Study** (earn up to \$4000 per academic year) The FWS Program offers students the opportunity to earn additional funding through part-time employment. It also allows students to gain work experience and pay for a portion of their educational expenses. All positions require that students maintain half-time enrollment and a minimum 2.0 CGPA. To apply for Federal Work Study, student must complete the FAFSA application online at www.fafsa.ed.gov and list the RCC school code #001270 for all 3 campuses. To apply for a FWS position, you must have completed your financial aid file. Please check Web Advisor for this status or go to any SFS office. To view available jobs or for more information on FWS, please view the Student Employment section.
- **Federal Family Educational Loan Program (FFELP)** - Riverside Community College District (RCCD) participates in the Federal Family Education Loan Program (FFELP). At RCCD it is our plan to help our students reach their educational goal with the least amount of student loan debt as possible.

RCCD does not recommend borrowing more than \$10,000 at the Community College level (this amount includes all loans from any other institutions attended). To view your complete loan history, go to: National Student Loan Data System <http://www.nslds.ed.gov>. A Department of Education FAFSA PIN is required to access this website. If you have misplaced or forgotten your PIN number, you may request a duplicate PIN by going to the PIN website at www.pin.ed.gov.

- Students must be meeting the SFS **Satisfactory Academic Progress (SAP)** standard and must be enrolled at least half-time (6 units) in courses listed on their Student Educational Plan with the RCCD Admissions and Records Department. Students must have a completed financial aid file at RCCD and be notified of their eligibility for any grant aid, Federal Work Study or scholarships before applying for a loan. Students may pick up a loan packet and submit the “**FFELP Loan Request Form.**”
- Student must also have a current Student Educational Plan (SEP) on file with RCCD which corresponds with the student's academic program declared in Admissions and Records as well as the courses that they are currently enrolled in.
- Students will receive notification by e-mail within two weeks after the deadline date they submitted the “**FFELP Loan Request Form**” regarding the status of their loan request. If approved, EdFund will guarantee the loan and the student will need to sign his/her Master Promissory Note with their FAFSA PIN online at www.edfund.net. Once our office receives the loan payment we verify that the student is still eligible for the loan disbursement and mail it to the student. RCCD mail is not forwarded by the U.S. Postal Service so it is extremely important that a current mailing address is listed in the Admissions and Records Office at all times.
- Our Federal Student Loan Default Management Plan requires all students to complete a loan Entrance and Exit interview each year students receive a loan at RCCD. Interviews may be completed online at www.edfund.net by choosing the Loan Counseling link. Our efforts in educating students regarding their responsibilities in securing a federal student loan are taken very seriously at RCCD. We also reserve the right to deny loans to students on a case-by-case basis.

SCHOLARSHIPS

Riverside Community College District offers scholarships through its Foundation office and generous donors. These scholarships are based on a variety of majors, career goals, GPA, community service and club involvement:

- **The RCCD Scholarship Brochure** for continuing and transferring students is available every fall semester with a deadline in early December. The brochure includes RCCD scholarship listings, application, personal essay form, evaluation forms and instructions on how to apply. It is also available on our website early in the fall semester at www.rcc.edu/studentfinancialservices. Scholarship information workshops are held at each campus prior to the scholarship deadline to assist students in the scholarship application process and are also available on our website. Applicants chosen for RCCD scholarships are notified by May of each year. The scholarship funds for students continuing at RCCD are disbursed during the following fall and spring semesters upon verification of eligibility. The scholarship funds for students transferring to a University are disbursed to the transfer institution during the next fall semester. Transfer students must return the Transfer notification form with the transfer institution information.
- **The RCCD Scholarship Brochure for High School Seniors** is available during the spring semester each year with a deadline in early March. The brochure contains RCCD scholarships to be awarded to High School Seniors who will be attending RCCD during the academic year after they graduate from High School. The brochure is available in February and March of each year at each High School within the RCC District and also at www.rcc.edu/studentfinancialservices.
- **The Community Scholars** scholarship is a partnership between RCCD and California Baptist University, La Sierra University and the University of Redlands. The application is available at each High School within the RCC District and also at www.rcc.edu/studentfinancialservices in February and March of each year.

Scholarships are also available from sources outside of RCCD. There are many resources and opportunities for students to find scholarships to use while attending RCCD. However, it requires time and effort on the part of the student to locate and apply for outside scholarships:

- A list of scholarships RCCD has been notified of is available at Student Financial Services and at www.rcc.edu/studentfinancialservices.
- You may also find additional scholarship resources in the reference section of any Library or on the internet at free scholarship search sites such as www.fastweb.com, www.scholarshipexperts.com, www.scholarships.com, www.scholarsite.com, and www.scholarshiphunter.com.
- If you are awarded a scholarship from a source outside of RCCD, you may use your scholarship to pay for tuition and fees, set up a bookstore account at any campus bookstore, or be reimbursed for tuition, fees and books already paid for or purchased. Follow the donor's directions on how to have your scholarship funds sent to RCCD. When outside scholarship funds are received by RCCD, the student is notified by mail and must submit a Scholarship Action Form in order to use the scholarship funds at RCCD.

It is produced by Journalism students at Riverside City College and contains news of student, faculty, and staff activities on all three campuses. Other district publications include Muse, RCCD’s literary magazine; the Student Handbook; Community Reports, and the Bulletin, a bi-weekly college newsletter announcing campus activities and events.

THE RCCD FOUNDATION

Established in 1975, the RCCD Foundation, is a 501(c)(3) not for profit organization that was created to provide support for scholarships and other special projects to benefit the College and its students. Over the years, the RCCD Foundation has played a major role in the acquisition of land for the Moreno Valley Campus, the Early Childhood Studies building, the RCCD Art Gallery, Passport to College, the purchase of the RCCD Alumni House, and several other initiatives.

Scholarship support remains a central mission of the RCCD Foundation. In 1991, the Foundation launched a successful \$1 million Endowed Scholarship Campaign, one of the largest scholarship campaigns undertaken by a community college at the time. Today, thanks to tremendous support from individuals and businesses throughout the region, the Foundation's assets total more than \$4 million, with \$300,000 distributed annually in scholarship support to incoming, continuing, and transferring students. In 2005 and 2006, an additional \$1,000,000 in scholarships were awarded to students enrolled in the Passport to College program, a nationally recognized early outreach initiative.

Currently, the Foundation is in the early phase of a Major Gifts Campaign—Campaign RCC—to raise significant gifts for several initiatives of the District, including construction of the Riverside Aquatics Complex, equipment for the School of Nursing/Science Complex, Allied Health equipment for the Moreno Valley campus, and support for the construction management program at the Norco campus.

The Foundation encourages outright gifts, pledges and planned gifts to further the mission of the District.

The RCCD Foundation Office is located in the RCCD Alumni House. If you would like to learn more about the RCCD Foundation or you are interested in gift and scholarship opportunities, please call (951) 222-8626.

RCCD ALUMNI HOUSE

In 1998, the RCCD Board of Trustees and the RCCD Foundation Board of Directors approved the purchase of the historic Alabaster Home located at 3564 Ramona Drive and transformed the home into the RCCD Alumni House. The house overlooks the Riverside City campus, and serves as a gathering place for the community and college family—a place where traditions are celebrated and a legacy is built for future RCCD students. The upstairs rooms have been designated as offices for the RCCD Foundation. Downstairs rooms are regularly used for college and community meetings and events, as are the outside gardens. The RCCD Alumni House remains true to its heritage, preserving the many historic features found throughout the building. Offices located in the RCCD Alumni House are generally open Monday through Friday, 8 a.m.-5 p.m. For more information, please stop by or call the RCCD Foundation at (951) 222-8626.

RCCD ALUMNI BRICK CAMPAIGN

In 2003, the RCCD Foundation officially launched the Alumni Brick Campaign in the rear courtyard of the RCCD Alumni House. The courtyard creates a beautiful focal point in the home's garden, and a visual testament to RCCD Alumni and friends of the college. For gifts of \$100 or more, you can purchase a brick and have it personalized to commemorate your time at RCCD, honor a friend or loved one, or celebrate an important milestone. More than 400 engraved bricks already have been installed. Call (951) 222-8626 for additional information or to order your Alumni Brick today!

TEACHER PREPARATION AND EDUCATION PROGRAMS

The **Teacher Preparation and Education Programs** vision statement is that all Future Teachers in Action (FTA) students will attain the highest level of academic knowledge, learning applications, performance skills and professional integrity necessary to ensure fulfilling personal lives and exemplary careers in education. The innovative educational opportunities and comprehensive services described below are offered through the Office of Teacher Preparation and Education Programs to empower a diverse community of learners toward individual achievement, success, and life long learning.

Service Learning is embedded throughout all the Teacher Preparation programs because it provides students with opportunities to put academic theories into practice through experiential learning, and foster civic engagement through service to the community. **Service Learning** is a teaching method that combines meaningful service to the community with curriculum-based learning. Students learn to build strong academic skills, accommodate many different learning styles, improve workplace skills, and enhance personal development.

In addition to the programs offered on the Riverside City campus, the **Innovative Learning Center** in tandem with Alvord District Stokoe Elementary School offers a state of the art teacher preparation learning environment and laboratory for college students who want careers in education. This center offers opportunities for college students to observe classrooms taught by master teachers using state of the art technology and innovative teaching strategies. Students may also participate in the elementary classroom through service learning programs offered in education classes. The center also provides classrooms for RCC college classes in general education and education courses. For more information about the center call (951) 358-1648. TRANSFER CENTER

Mission:

The mission of Riverside Community College District Transfer Centers is dedicated to increasing the transfer function and to increase the number of students prepared for transfer to baccalaureate-level institutions. This is accomplished through coordination of college transfer efforts, with an emphasis on the preparation and transfer of underrepresented students, including disabled students, low-income students, first-generation college students, and other groups of students underrepresented in the transfer process.

Transfer Center Goals:

1. Coordinate college transfer efforts to provide quality transfer services, programs, and activities that support student success and retention.
2. Identify and increase the number of students who choose to transfer and who are prepared to transfer, and ensure the inclusion of low-income, disabled, and first generation college students.

WORKFORCE PREPARATION

Workforce Preparation at Riverside Community College District (RCCD) offers a wide range of services and programs to assist current and former welfare (TANF) recipients, at-risk youth, and youth in foster care with preparing for academic achievement, employment, and attaining financial independence. The programs directed by Workforce Preparation include the CalWORKs Program, the Workforce Preparation Skills Classes, TANF-Child Development Careers Program (TANF-CDC), Foster and Kinship Care Education Program, Riverside Gateway to College Early College High School, and the Independent Living Program at Riverside Community College Program (ILP@RCC). The following programs outlined are some of the ways in which Workforce Preparation is meeting the challenge of implementing various programs to aid disadvantaged students or potential students.

CalWORKs Program

Workforce Preparation offers the CalWORKs Program, funded through the Chancellor’s Office of the California Community Colleges. CalWORKs is designed to promote self-sufficiency through employment and education. The population that is eligible to receive services via CalWORKs is TANF (Temporary Assistance for Needy Families) recipients with minor children. Welfare recipients face a five-year lifetime limit, and CalWORKs is one of the ways California is meeting the challenge of welfare reform. Many current CalWORKs students could not get the education they need to break the cycle of poverty and dependency without such assistance. The Workforce Preparation staff continues to seek additional CalWORKs-eligible students so that support services can be provided to ensure their success in school and the workplace. To date, more than 4,800 students have received support services through the CalWORKs Program with new CalWORKs students enrolling each week.

Services available include:

- Career and academic counseling
- Educational and occupational assessments
- Priority registration
- Intensive case management
- Work Study opportunities
- Job placement

- Skill-building courses
- Parenting and wellness resources

Through the Riverside County GAIN program, CalWORKs students participating in approved welfare-to-work plans, may receive supplemental services such as:

- Childcare
- Transportation
- Textbooks and materials
- Parking permits

For more information call (951) 222-8648.

Skills Classes

The Skills Classes are open to all students. Workforce Preparation offers open-entry Skills Classes in reading, writing, math and computer applications technologies, to enhance success in the workplace and in further college courses. The skills classes are presented in a student-paced, instructor-led format with multiple entry dates every week throughout most of the semester. Depending upon the class, there are multiple course offerings per day. Instructors are student-centered and class sizes are relatively small. We serve a diverse student population who seek to develop workplace skills through occupational training, degree, or transfer programs. The Skills Classes are offered on the Riverside City campus. For more information, please see the schedule of classes or call (951) 222-8648.

TANF-Child Development Careers (TANF-CDC) Program

Workforce Preparation offers the TANF-Child Development Careers (TANF-CDC) Program, funded through the Foundation for California Community Colleges. The TANF-CDC Program is designed to integrate the education and training of CalWORKs recipients pursuing a Preschool Teacher Permit. Individuals eligible to receive the TANF-CDC Program services are CalWORKs students who are pursuing careers in early childhood education.

TANF-CDC Program services may include:

- Transportation assistance
- Textbooks and materials
- Parking permits
- Incentives
- Special topics workshops
- Assistance with fingerprinting and permit fees

The goal of the TANF-CDC Program is to train eligible CalWORKs recipients to become California credentialed preschool teachers. Services are available at the Riverside, Moreno Valley, and Norco campuses. For more information call (951) 222-8648.

Foster/Kinship Care Education (FKCE) Program

The Foster and Kinship Care Education Program (FKCE) provides the continuing training/ education hours that foster parents are mandated to receive each year, in order to retain their license with the County of Riverside. Relative (grandparents, aunts, etc) caregivers are not required to attend training, but are strongly encouraged to do so. RCCD provides a minimum of 150 training hours each year on topics including, but not limited to, child development, attachment, impact of abuse and neglect, special needs children, positive discipline, self esteem, etc. Classes are open to others who care for children as well (childcare providers, teachers, parents, group home staff, social workers, etc), and are provided free of charge. Workshops are held both mornings and evenings at off-campus locations throughout Riverside

County. Classes in Spanish are also offered. For more information call (951) 222-8937.

Independent Living Program

The Independent Living Program at Riverside Community College District (ILP@RCC) is a collaborative effort between the County of Riverside Department of Public Social Services and RCCD Workforce Preparation. This unique program is designed to provide current and former foster youth, ages 16-21, with a “hands-on” approach to life-skills training through workshops offered in a variety of areas such as: education and career goals, money management, health and safety issues, employment and personal development. In addition, ILP@RCC serves as a transitional support program, providing services such as bus passes, emergency food and housing, rental assistance, college book services, mentoring and personal support; as well as help with many of the basic necessities former foster youth may experience as they transition out of the foster care system. The program is committed to providing customized support services that meet the educational, personal growth and employment preparation needs of all current and former foster youth living throughout Riverside County. For more information, please contact the Program Director by telephone at (951) 222-8445 or e-mail at ILP@RCC.edu. Gateway to College Early College High School

Located on the campus of Riverside City College, Gateway to College Early College High School is a California public charter school that serves at-risk youth, 16 to 20 years old, who have dropped out or are near dropping out of high school. The school program gives students the opportunity to earn a high school diploma while earning college credits and achieving college success. Students simultaneously accumulate high school and college credits, earning their high school diploma while progressing toward college transfer, an associate degree, and/or occupational certificate.

Gateway to College students learn how to succeed in an educational setting, under the guidance of a caring team of instructors and student support specialists with experience and interest in at-risk youth. In their first term, students take foundational courses as part of a learning community. This experience builds their academic and personal skills, preparing them for college courses with the general student population. During the Foundation term, students take reading, writing, and math, plus a college survival and success class where students learn how to take effective notes, study for tests, and juggle school, work, and family life. After completing the Foundation term, students take a career development class to help them focus their academic goals and select a major. They also begin taking classes on the comprehensive campus.

School-to-Career Pathways!

Each term Gateway to College provides activities (including field trips), presentations and academic planning to enroll students in one of RCC's many school-to-career pathways. Gateway to College highlights school-to-career pathways in Automotive Technologies, Logistics Management, and Manufacturing Technology to students interested in earning all of the following: High School Diploma, industry certification, and the RCC Associate of Science (A.S.) Degree. For further information about Gateway to College Early College High School, please call at (951) 222-8934 or (951) 222-8931 and visit our website at <http://www.rcc.edu/services/workforce/gateway.cfm>.

Section III
GRADUATION REQUIREMENTS

ASSOCIATE DEGREE

PHILOSOPHY FOR THE ASSOCIATE DEGREE

The awarding of an associate degree is intended to represent more than an accumulation of units. It symbolizes the successful attempt on the part of the district to lead students through patterns of learning experiences designed to develop certain capabilities and insights. Among these are the ability to think and to communicate clearly and effectively, both orally and in writing; to use mathematics; to understand the modes of inquiry of the major disciplines; to be aware of other cultures and times; to achieve insights gained through experience in thinking about ethical problems; and to develop the capacity for self-understanding.

GRADUATION REQUIREMENTS FOR THE ASSOCIATE DEGREE

All programs of study leading to completion of a Certificate, A.S. degree, or A.A. degree require careful planning with the assistance of a counselor from the beginning. Students interested in career and technical education (formerly occupational education) will want to follow the requirements of a specific certificate or A.S. degree leading directly to a career. Students who plan to transfer to a bachelor's degree granting institution should consult a counselor to determine the specific courses required for admission to their four-year institution of choice.

Students may earn an A.A. / A.S. degree with an emphasis in one of the eight areas of emphasis and enter the workplace or transfer to a four-year institution with enhanced skills in critical thinking and written and oral communication. Students intending to transfer to a bachelor's degree granting institution can use one of these eight areas to fulfill many lower division major requirements while taking additional transferable courses in closely related areas of study.

The governing board of Riverside Community College District shall confer the degree of associate in one of the eight areas of emphasis upon the student who has demonstrated competence and who has completed the following requirements:

I. RESIDENCE REQUIREMENT

In order to receive an A.A. / A.S. degree from Riverside Community College District, a student must complete 15 units in residence at any campus within the Riverside Community College District. To receive a certificate, a student must complete a minimum of fifty percent (50%) of the required units at Riverside Community College District.

II. ACADEMIC COURSEWORK TAKEN AT OTHER COLLEGES AND UNIVERSITIES

Official transcripts from all schools and colleges attended must be dated within the preceding 90 days/3 months, be in their original sealed envelope, and be submitted to the Admissions and Records office. Course credit is accepted from all regionally accredited institutions as listed in the *AACRAO Handbook*. Credits from institutions, which are in candidacy status, will be accepted after full accreditation is granted. The two years preceding full accreditation will also be applicable towards the A.A. / A.S. Degree. Honors for graduation will be calculated in the same manner.

III. GRADE POINT AVERAGE REQUIREMENT

A student must have a minimum grade point average of not less than 2.0 ("C" average) in work taken at Riverside Community College District. In addition, overall grade point average, including units from

both RCCD and work attempted at all accredited colleges attended, must be not less than 2.0.

IV. UNIT REQUIREMENT

The associate degree requires a minimum of 60 units of college work, of which 18 semester units are in one of the eight areas of emphasis listed below. Students must also complete a minimum of 23 semester units ([see section VI. General Education Requirements](#)) in the following categories: Natural Sciences (3 units), Social and Behavioral Sciences (6 units), Humanities (3 units), Language and Rationality (10 units). While students wishing to transfer to a four-year university can fulfill the transfer requirements by completing a certificate of achievement in California State University General Education (CSUGE) or in Intersegmental General Education Transfer Curriculum (IGETC), they are encouraged to complete an associate degree.

ACADEMIC APPEALS BY STUDENTS

When a student takes issue with an instructional decision or an application of a stated policy, the student should first discuss this matter with the faculty member who made the decision or applied the policy. If the matter cannot be resolved through this initial discussion, the student has the right to appeal the decision or application through regular college channels. See [Board Policy 6080](#) for details.

For academic matters related to class activities, requirements, and evaluation, the student should first discuss the matter with the instructor. If an appeal is desired, the student then should take the matter up with the appropriate department chair responsible for the instructional area. If further appeal is requested, the student can continue the process by meeting with the Dean of Instruction. If the problem cannot be resolved at that level, the student should then present the problem to the Chief Instructional Officer who will first attempt an informal resolution of the problem, and that failing will establish a formal ad hoc committee to review the matter and to recommend action. Upon receipt of the committee's recommendation, the Chief Instructional Officer submits a decision in writing. Appeal may be made to the Chief Executive Officer. The final appeal a student can make is to the College Board of Trustees.

In non-academic matters, the appeal procedure is comparable, but is made through the appropriate student personnel administrator to the Dean of Student Services, Chief Services Officer and thence to the Chief Executive Officer. The final appeal a student can make is to the Board of Trustees.

Information on students' rights and responsibilities, expected standards of conduct, disciplinary action and the student grievance procedure can be found in the Student Handbook.

STANDARDS OF CONDUCT

Students enrolled at Riverside Community College District assume an obligation to conduct themselves in a manner compatible with the college's function as an educational institution. Students shall refrain from conduct which significantly interferes with college teaching or administration, or which endangers the health or safety of the members of the college community, or of visitors to the campus, and from disorderly conduct on the college premises or at college related or college sponsored activities. Misconduct on the part of students is just cause (Education Code Sections V [76033,76120](#)) for disciplinary action. See [Board Policy 5500](#) for details.

STANDARDS OF SCHOLARSHIP: PROBATION AND DISMISSAL

The policies of probation and dismissal are applicable to day or evening, full-time or part-time students. Students with an academic status of probation or dismissal will be limited to a maximum of 13 units during Fall/Spring semesters. Probationary students may enroll in no more than seven (7) units during intersessions. Dismissal students will be limited to one (1) course during intersessions.

Standards for Probation

Riverside Community College District utilizes two major standards for evaluating satisfactory academic progress. These are as follows:

1. Academic probation: A student who has attempted at least 12 semester units as shown by the official academic record shall be placed on academic probation if he or she has earned a cumulative grade point average below 2.0 in all units which were graded on the basis of the RCCD grading scale.
2. Progress probation: A student who has attempted at least 12 semester units as shown by the official academic record shall be placed on progress probation when the cumulative percentage of unsuccessful units attempted at RCCD reaches or exceeds 50%.
3. A student on academic probation for a grade point deficiency shall achieve good standing when the student's accumulated grade point average is 2.0 or higher.
4. A student on progress probation because of an excess of unsuccessful units attempted at RCCD shall achieve good standing when the percentage of units in this category drops below 50 percent.

A student who feels an error has been made in his academic status should make an appointment with an RCCD counselor. The counselor will review the student's academic record and either explain how the student achieved that status or, in the case of an error, notify the Dean of Student Services at their campus.

Standards for Dismissal

Students failing to maintain satisfactory academic progress may be subject to dismissal from the college under conditions specified as follows:

1. A student who is on academic probation shall be subject to dismissal if he or she earned a cumulative grade point average of less than 2.0 in all units attempted in each of two consecutive full-term (Fall/Spring) semesters of attendance which were graded on the basis of the RCCD grading scale.
2. A student who has been placed on progress probation shall be subject to dismissal when 50% or more of all units in which the student has enrolled are recorded as entries of "F", "W", "I" and "NP" in at least two consecutive semesters (Fall/Spring) of attendance at RCCD.
3. A student shall remain on dismissal status until good standing is met by achieving a cumulative gpa of a 2.0 or higher and completing over 50% of the total number of units attempted.

4. A student who has been reinstated will immediately be subject to dismissal if the cumulative grade point average falls below a 2.0 or the number of units for which "F", "W", "I" "NP" and "NP" are recorded meets or exceeds 50%.

GRADING SYSTEM

Grades

Riverside Community College District uses the letter system of grading the quality of work performed by students. The following grades are used:

"A", excellent; "B", good; "C", satisfactory; "D", passing, less than satisfactory; "F", failing; "I", incomplete; "IP", in progress; "RD", roll delayed; "CR", credit; "P", pass; "NC", no credit; "NP", no pass; "W", formal withdrawal from the college or a course; "MW" (military withdrawal).

"Military withdrawal" occurs when a student who is a member of an active or reserve United States military service receives orders compelling a withdrawal from courses. Upon verification of such orders, a withdrawal symbol may be assigned at any time after the period established by the governing board during which no notation is made for withdrawals. Military withdrawals are not counted in progress probation and dismissal calculations. "Ws incurred during the period between January 1, 1990 and the effective date of this paragraph, which meet the definition of military withdrawal herein, are not counted in progress probation and dismissal calculations and may be changed to "MW"s.

Students should refer to WebAdvisor for withdrawal deadlines.

An "I" is given only in cases where a student has been unable to complete academic work for an unforeseeable, emergency and justifiable reasons. The condition for removal of the "I" shall be stated by the instructor in a written agreement. A copy will be kept on file in Admissions and Records until the "I" is made up or the time limit has passed. A final grade shall be assigned when the work stipulated has been completed and evaluated, or when the time limit for completing the work has passed. A copy of this record shall be kept in the files of the appropriate department chairperson. The "I" may be made up no later than one year following the end of the term in which it was assigned. The "I" symbol shall not be used in calculating units attempted nor for grade points. The "I" symbol will be changed to the grade the instructor has predetermined, if the student does not meet the conditions of the agreement.

Grade Points

On the basis of scholarship grades, grade points are awarded as follows: "A", 4 points per units of credit; "B", 3 points per unit of credit; "C", 2 points per unit of credit; "D", 1 point per unit of credit; "F", no points per unit of credit. On computing the grade point average, units attempted are not charged and grade points are not awarded for the following: "I", "W", "NP", "P", "IP", "RD", or "MW".

Grade Changes

Students have one year following the term in which the grade was recorded to request a change of grade. After the one-year limit, the grade is no longer subject to change. Students must file an Extenuating Circumstances Petition (ECP) with the Admissions and Records office at one of the three campus.

Extenuating Circumstances Petition

This petition is for students who encounter situations involving extenuating circumstances, emergencies that may affect their education records and fall outside the realm of normal college policy and procedures. Failure to be aware of deadlines and expected failure in a course are not acceptable reasons for filing an Extenuating Circumstances Petition. The student bears the burden and is responsible for showing that grounds exist for the Extenuating Circumstances Petition (ECP). Students have one year following the term in which a grade was submitted to request a change of grade.

Auditing Classes

RCCD offers students the option of auditing courses. Instructions for auditing are as follows:

1. Students may not audit a class unless he/she has exhausted all possibilities to repeat the class for credit.
2. Permission to audit a class is done at the discretion of the instructor and with instructor's signature.
3. When auditing, student shall not be permitted to change his/her enrollment in that course to receive credit.
4. With the instructor's signature and permission, a credit student may switch his/her enrollment to audit status provided the change is completed prior to 30% of course for short term courses.
5. With the instructor's signature and permission, a student may enroll in a course for audit at any time during the semester if he/she has not enrolled in that course for credit during the same semester.
6. No student will be allowed to enroll for audit prior to the first day of the course. The first day of the course refers to the actual course meeting.
7. Credit students have priority over auditors. If a course closes after an auditor has been admitted, the auditor may be asked to leave to make room for the credit student. Instructor's discretion is strongly recommended.
8. The audit fee is \$15 per unit. Students enrolled in 10 or more semester units may audit 3 units of audit free (may be 3 one-unit courses). The \$15 per unit audit fee will automatically be charged if the student drops below 10 units.

Students wishing to audit should be aware that audited classes will not appear on the RCCD transcript. Forms and information are available at the Admissions offices on the Riverside, Moreno Valley and Norco campus.

Pass/No Pass Classes

Discipline faculty are responsible for determining the appropriate Pass/No Pass option for each course. All sections of the course must be offered in the same manner. Courses may be offered for Pass/No Pass in either of the following categories and will be specified in the catalog:

1. Class sections wherein all students are evaluated on a Pass/No Pass basis.
2. Courses in which each student has the option to individually elect Pass/No Pass or letter grade. Students electing this option must file a petition in the Admissions office at Riverside, Moreno Valley, or Norco by the end of the fifth week of the semester or by the end of the first 30% of a shorter-than-semester term.

All units earned on a Pass/No Pass basis in accredited California institutions of higher education or equivalent out-of-state institutions

are counted in satisfaction of community college curriculum and graduation requirements.

Units earned on a Pass/No Pass basis are not used to calculate grade point averages. However, units attempted for which "NP" is recorded are considered in probation and dismissal procedures.

Final Examinations-Final Grades

Final semester exams are required in all classes at the scheduled time and place. Failure to appear for a final examination may result in an "F" grade in the course. Final grades may be obtained on WebAdvisor or Phone Reg immediately after they are submitted by the instructor.

Advanced Placement

Riverside Community College District recognizes the Advanced Placement Program of the College Entrance Examination Board. Students will be granted credit for Advanced Placement examinations with a score of three, four or five in specified subject areas. Advanced Placement credit is granted for the fulfillment of Riverside Community College District programs only. Other colleges or universities may have different policies concerning Advanced Placement. Therefore, the transfer institution will reevaluate the Advanced Placement scores based upon their own campus policies. For further information, see a counselor for specific subject credit areas available.

Advanced Placement Credit

Students who have successfully completed courses in the AP Program of the College Entrance Examination Board with scores of 3, 4 or 5 may earn credit for each Advanced Placement course. Credit awarded through Advanced Placement may be used towards graduation requirements, IGETC, and CSU GE Breadth Requirement Certifications. (English 1B earned through AP may not be used to meet the Critical Thinking requirement in the IGETC Group B - Critical Thinking or the CSU GE Breadth Requirements in Area A.3, see [page 37](#) in the catalog.) Official Advanced Placement Scores should be sent to the Admissions and Records Office for official evaluation.

CREDIT BY EXAMINATION

Credit may be granted to any student who satisfactorily passes an examination approved or conducted by the discipline or program in which a comparable course is offered. In the case of foreign languages students must complete a higher level course in order to receive credit for a lower level language course.

To be eligible to petition for credit by examination, a student must be currently enrolled, fully matriculated, in good standing and have completed not less than 12 units of work at Riverside Community College District with an overall grade point average of 2.0 (“C”). The option for credit by examination may not be available for all course offerings; contingent upon discipline curricular decisions as approved by the Office of Academic Affairs.

Students must apply for credit by examination on the appropriate petition form obtained from the Admissions office at the Riverside, Moreno Valley and Norco campuses and pay enrollment fees including out of state and/or out of country tuition where applicable.

A student may receive credit by examination in one course for each semester or summer/winter intersession in a total unit amount not to exceed 15 units. Work experience classes are excluded from credit by examination.

After the discipline faculty has determined the student’s evaluative symbol, the student will be notified and the permanent record will reflect the credit and/or grade.

Credit by examination is not treated as part of the student’s study load for any given semester, or for eligibility purposes and therefore, will not require a petition for excess study load. It is not part of the study load for Veterans’ Administration Benefits or eligibility purposes.

The student’s academic record will be clearly annotated to reflect that credit was earned by examination.

Units for which credit is given pursuant to the provisions of this section shall not be counted in determining the 12 semester hours of credit in residence required for an associate degree.

Credit for College-Level Examination Program (CLEP)

A maximum of 30 units may be granted for all types of credit by examination. This includes Advanced Placement, CLEP, credit for military training and credit by exam taken at Riverside Community College District. **Credit is not allowed if coursework in the subject area has been completed or AP credit has previously been granted.** Credit granted for CLEP will not be posted on the student’s RCCD transcript and will not be used to meet IGETC or CSU General

Education Breadth Requirements for Certification. Students planning to transfer should check the policy on CLEP in the catalog of the college to which they will transfer. To apply for CLEP credit the student must have completed 12 units in residency at Riverside Community College District. An official transcript is required. For further information, contact the Counseling office.

Military Credit

Two physical education units are awarded upon presentation of DD214, NOBE, or ID card for active military. Military tech schools are evaluated based on the recommendation of the ACE Guide. No credit is granted for MOS's, Correspondence courses, Internships or military specific courses. A maximum of 15 units may be awarded (two of which is the PE credit). CCAF, SMARTS, AARTS transcripts, DD214, and Certificates of Completion are used to evaluate military credit. No more than 30 units may be granted for CLEP, military training, AP, or credit by exam.

REPEAT POLICY**Course Repetition in a Non-Repeatable Course**

Course repetition allows students to repeat classes under the following circumstances: (Title 5, Section 58161)

1. The student is repeating the course to alleviate substandard work which has been recorded on the student's record (D, F, NP, or N/C). Courses in which a substandard evaluative symbol has been assigned may be repeated once. Otherwise, students are limited to four attempts per course counting withdrawals (W's). No *Petition for Course Repetition* is required if a student has only one substandard grade or has not attempted the class four times (including Ws).
2. The student's previous grade is, at least in part, the result of extenuating circumstances (verified cases of accidents, illness, or other circumstances beyond the control of the student.) A *Petition for Course Repetition* and documentation are required.
3. There has been a lapse of time (at least 5 years) since the student previously took the course. A *Petition for Course Repetition* is required.
4. The course outline of record has been officially changed and demonstrates significant curricular changes. A *Petition for Course Repetition* is required.
5. Repetition of courses where substandard work has not been recorded is permitted when such repetition is necessary for a student to meet a legally mandated training requirement as a condition of continued paid or volunteer employment.
 - a. Repetition of courses shall be permitted only upon petition of the student with the written permission of the program administrator based on a finding that circumstances exist which justify such a repetition.
 - b. Such courses may be repeated for credit any number of times, regardless of whether or not substandard work was previously recorded, and the grade received each time shall be included for purposes of calculating the student's grade point average. Students must file a *Petition for Course Repetition*.

Petitions for Course Repetition are available in the Admissions offices and Deans of Instruction offices at Riverside, Moreno Valley, and Norco campuses. Petitions are approved or denied by a Dean of Instruction.

The following conditions apply to course repetition in non-repeatable courses:

1. Only courses which are current Riverside Community College District courses may be repeated.
2. When course repetition occurs, the permanent academic record is annotated in such a manner that all work remains legible ensuring a true and complete academic history. Courses repeated will be indicated on the permanent record by using an appropriate symbol.
3. For courses taken and repeated at RCCD, the highest grade earned in the repeated course will be used to compute an adjusted grade point average. The adjusted grade point average will be used in determining academic status and in establishing eligibility for the Associate of Arts degree, Associate of Science Degree and occupational certificates.
4. For courses taken or repeated at another accredited college or university, the highest grade earned in the repeated course will be used to compute an adjusted cumulative grade point average. The adjusted cumulative grade point average will be used in determining eligibility for the cumulative GPA requirement for the Associate of Arts degree, Associate of Science Degree and occupational certificates.
5. Students may repeat any course, which was taken in an accredited college or university and for which substandard academic performance was recorded.
6. The District reserves the right to honor similar, prior course repetition action by other accredited colleges and universities.
7. This regulation will not be construed so as to limit the repetition of activity and performance courses as defined below:

Course Repetition in a Repeatable Course

The following conditions apply to course repetition in repeatable courses:

1. Repeatable activity and performance classes may be taken up to a total of four times.
2. Repeatable courses are identified in the college catalog.
3. All grades and units will be used in the computation of the grade point average and earned units, with the following exceptions:
 - a. When a repeatable course is taken and a substandard grade earned, the course may be taken one time with the higher grade used in the computation of the grade point average.
 - b. Grades from other repeats will be used in the computation of the grade point average.

ACADEMIC RENEWAL

The academic renewal procedure will permit previously recorded substandard course work taken at RCCD to be disregarded in the computation of Riverside Community College District grade point averages. Petitions are available in the Admissions offices of the Riverside, Moreno Valley and Norco campuses. The policies are as follows:

1. A student may request academic renewal for not more than two terms of grades and credits which are not reflective of a student's present ability and level of performance.
2. At least two semesters of college work (24 units) with a grade point average of 2.0 must have been completed at any accredited college or university subsequent to the term(s) to be disregarded in calculating the GPA obtained at RCCD. (Official transcript is required.)
3. If and when the petition is granted, the student's permanent record will be annotated so that it is readily evident to all users of the record that no units for substandard work taken during the term(s) are calculated in the GPA, will apply toward graduation or other unit commitment. However, all work will remain on the permanent record to ensure a true and complete academic history.
4. A student may be granted academic renewal only once.
5. A student may repeat work taken during academic renewal terms only if such repetition is necessary to allow normal progression toward an acceptable educational objective.

Course Prerequisites and Corequisites

All course prerequisites and corequisites will be enforced. This includes both required prerequisite courses as well as required assessment preparation levels. The Accuplacer assessment test, in conjunction with multiple measures, is used to generate placement levels in English, Math, and Reading. The PTESL (Proficiency Test in English as a Second Language) is used to generate placement levels in ESL. All placement tests taken prior to July 1, 2001 are no longer valid.

Students who have not satisfactorily completed a prerequisite for a course will be denied admission to that course. A grade of "C" or better is required for satisfactory completion of a course which is a prerequisite to a subsequent course.

If prerequisites or corequisites were met by completing courses at another college or university, students must request that the official transcript(s) be sent to the Riverside Community College Admissions and Records Office and request a prerequisite validation of the appropriate course(s) to validate the course that will meet RCCD requirements. Prerequisite validation request forms may be obtained from the Counseling department in the César E. Chávez Admissions and Counseling Building at the City campus, and the Student Services offices at the Moreno Valley and Norco campuses. For information on challenge procedures, see [page 8](#). Forms are also available online at www.rccd.edu.

Students must initiate this process well in advance of the semester in which they plan to register. Students will be informed of the results of the evaluation in a timely manner prior to the term in which they plan to enroll.

REQUIREMENTS FOR COLLEGE TRANSFER GRADUATION REQUIREMENTS

Information about transfer is available in the Transfer/Career Center located in the Admissions and Counseling building. Most transfer institutions have a unit, subject and scholarship (GPA) requirement. Although completion of all general education (GE) is not an admissions requirement, it is advisable that GE courses be completed prior to transfer. Students pursuing high unit majors such as Engineering, Computer Science, Physical or Life Sciences, should seek the advice of a counselor prior to selecting general education course work.

REQUIREMENTS FOR ADMISSION TO THE UNIVERSITY OF CALIFORNIA

Applying to transfer: To be eligible to apply for transfer as a junior, students must have completed at least 60 units of UC-transferable credit and meet specific admission requirements. In most cases, students may transfer up to 70 semester units of credit from a community college.

At most UC campuses admission is competitive and a grade point average higher than the minimum 2.4 is required.

Students who have earned fewer than 60 semester units of transferable college work will be admitted to the University of California on the basis of their high school records.

A student who was eligible to enter the University of California directly from high school must maintain a "C" average in all work taken in a community college.

Students with High School Deficiencies

Students who met the Scholarship Requirement but did not satisfy the Subject Requirement must take transferable college courses in the subjects they are missing, earn a grade of C or better in each of these required courses, and earn an overall C (2.0) average in all transferable college coursework to be eligible to transfer.

Students who were not eligible for admission to the University when they graduated from high school because they did not meet the Scholarship Requirement must:

- A. Complete 60 semester units of transferable college credit with a grade point average of at least 2.4, and
- B. Complete a course pattern requirement to include:
 1. Two transferable college courses (3 semester units each) in English Composition; and
 2. One transferable college course in mathematical concepts and quantitative reasoning; and
 3. Four transferable college courses (3 semester units each) chosen from at least two of the following subject areas: the arts and humanities, the social and behavioral sciences, the physical and biological sciences.

(Students who satisfy the Intersegmental General Education Transfer Curriculum (IGETC) prior to transferring to UC will satisfy this requirement.)

General Education Breadth Requirements for a Degree from the University of California (UC)

Students may fulfill their lower-division requirements by completing either the individual U.C. Campus general education pattern or the Intersegmental General Education Transfer Curriculum (IGETC). In order to receive full credit for general education completed at Riverside Community College District, the IGETC must be certified and completed in its entirety. Once you have transferred to a UC or CSU, you may not return to RCCD to complete additional IGETC requirements nor can you use courses taken at the transfer institution. Please see your counselor to determine which pattern is more appropriate for you and for information regarding certification.

Copies of the breadth requirements for each University of California campus and the Intersegmental General Education Transfer Curriculum (IGETC) are available in the Transfer/ Career Center.

CERTIFICATE OF ACHIEVEMENT IN CALIFORNIA STATE UNIVERSITY GENERAL EDUCATION (CSUGE) 2009-2010

Students transferring to one of the California State University campuses can complete the SCU General Education Breadth Requirements or the Intersegmental General Education Transfer Curriculum (IGETC). Please see a counselor to determine which pattern is more appropriate for your educational goal.

The California State University system requires that 48 semester units of general education must be completed to be eligible for a bachelor's degree. Of these 48 units, 9 units must be completed in upper division (junior and senior years) and up to 39 units may be completed in lower division (freshman and sophomore years). Students may complete these general education units at Riverside Community College District for transfer and it is to the student's advantage to have these units of general education CERTIFIED. Certification is a legal agreement the California State University system and the community colleges in California to assure that SCU general education requirements met at Riverside Community College District satisfy the LOWER DIVISION general education requirement at all California State Universities. Each campus may have a slightly different program. Failure to complete FULL CERTIFICATION will cause courses to be reviewed differently at each campus.

Report any problems encountered with certification of general education for transfer to the counseling department at the Moreno Valley, Norco, or Riverside campus. Courses which can be certified as general education for transfer to California State Universities are listed below. These courses are transferable and are considered baccalaureate level.

Students planning to transfer to Cal Poly Pomona or Cal Poly San Luis Obispo have specific general education requirements which must be taken, based upon their major. See your counselor to ensure proper academic planning.

CERTIFICATE OF ACHIEVEMENT IN INTERSEGMENTAL GENERAL EDUCATION TRANSFER CURRICULUM (IGETC) 2009-2010

If you choose to follow IGETC, you must complete it before you transfer; otherwise you will be required to satisfy the specific lower division general education requirements of the university or college of transfer. Completion of the Intersegmental General Education Transfer Curriculum (IGETC) will permit a student to transfer from a community college to a campus in either the California State University (CSU) or University of California (UC) system without the need to take additional lower-division general education courses. *Transfer students will receive IGETC certification after completing all the subject areas below for a total of 34 units with a min. "C" grade or better.*

IGETC certification is valid for community college students only. Those who have already transferred to the CSU/UC systems may not return to RCC to complete IGETC requirements.

See your counselor for courses required in your major. The UC System will allow IGETC courses to also count toward major requirements. CSU campus limitations on double-counting of general education courses toward major preparation are not changed by the IGETC. Courses which can be certified as general education for transfer to the Universities of California or the California State Universities are listed below. These courses are transferable and are considered baccalaureate level.

CSU Graduation Requirement In U.S. History, Constitution, And American Ideals

(not part of IGETC; recommend completion before transferring)

Complete one course from area a and one from area b:

a. History 6 or 6H or 7 or 7H or Humanities 16

b. Political Science 1 or 1H

*Course may be listed in more than one area, but shall not be certified in more than one area.

**Indicates that transfer credit may be limited by either UC or CSU or both. Consult with a counselor for additional information.

NOTES:

1. Students should consult with Counselors to determine the most appropriate General Education patterns for their intended majors and transfer institutions.
2. To be eligible for IGETC certification a student must have completed most of the transfer units at one or more California community college(s).
3. Courses taken as preparation for a major will also satisfy the corresponding portion of the IGETC requirements.
4. Each course used to fulfill IGETC requirements must be completed with a minimum grade of "C" or better.
5. Advanced placement exams can be used to satisfy all areas of IGETC except for the critical thinking-English composition and oral communication requirements. IGETC policy is to accept a score of 3 or higher to clear one course.

REQUIREMENTS FOR ADMISSION TO INDEPENDENT CALIFORNIA COLLEGES AND UNIVERSITIES

California's fully accredited independent colleges and universities provide a host of options at undergraduate, graduate and professional levels for students planning to continue their education beyond community colleges.

Some colleges and universities stipulate a certain number of completed units before considering students eligible for transfer. Others do not and will accept students at any time. The requirements are outlined in the respective college catalogs, available upon request from the college's or university's Office of Admissions.

As admission requirements vary campus to campus, it is necessary to meet with a counselor to implement your educational plan. Copies of breadth requirements and major requirements for some of the nearby independent colleges and universities are available in the Riverside Community College District Transfer/Career Centers.

The independent colleges and universities include:

- California Baptist University
- La Sierra University
- Loma Linda University
- Occidental College
- Pepperdine University
- Scripps College
- Stanford University
- University of La Verne
- University of the Pacific
- University of Redlands
- University of San Diego
- University of San Francisco
- University of Southern California
- Whittier College

TRANSFERABILITY OF COURSES

Questions regarding the transferability of courses should be referred to a college counselor. A listing of baccalaureate level courses that will transfer to the California State University System is available from any college counselor or in the Transfer/Career Centers. A list of baccalaureate courses acceptable for admission to the University of California is also available. In addition, courses acceptable for transfer to the UC and CSU institutions are indicated in the back of this catalog following the descriptive title of each course.

Most four-year colleges and universities will require transfer students to have six units (two semesters) of composition. English 1A or 1AH and 1B or 1BH at Riverside Community College District will meet this requirement.

Section V
CURRICULAR PATTERNS

TRANSFER PROGRAMS

Each institution of higher education has its own requirements for admission, majors, and general education. Students should see a counselor, on a regular basis, to determine the courses needed to prepare for transfer to CSU, UC, or any private/independent university.

Students who plan to transfer to UC must complete IGETC or a campus-specific general education pattern in addition to the lower-division major requirements required by the campus they wish to attend.

Students who want to transfer to CSU must complete the CSU General Education requirements in addition to 1) completion of the individual campus lower-division major requirements or in the near future, 2) completion of the Lower-Division Transfer Pattern (LDTP). The latter is designed for those students who have declared a major, but haven't yet decided on a school of transfer. Completion of the LDTP will guarantee admission to the CSU campus of their choice. Please see below for information on both options and be sure to see a counselor to obtain an SEP (Student Educational Plan).

1) MAJOR REQUIREMENTS 2009-2010

The 2008-09 major sheets will be available in the Transfer Center. Note that the following majors are for specific colleges and universities. Requirements for the same major at other institutions may be different. These are merely a few samples of the many majors available and represent, for the most part, those of nearby colleges and universities. Additional information and revised major sheets are available in the Transfer/Career Centers. See www.assist.org for the complete articulation information.

In developing a program it should be remembered that in addition to the requirements in the major, each student should complete the general education breadth requirements for the college chosen. Breadth requirements for all branches of the UC, CSU, and various independent colleges are available in the Transfer/Career Centers. Proper planning normally should enable students to satisfy the general education-breadth requirements concurrently with the requirements for graduation from Riverside Community College District. See the [associate degree requirements](#).

2) LOWER-DIVISION TRANSFER PATTERN (LDTP)

The Lower-Division Transfer Pattern (LDTP) project, sponsored by the California State University (CSU) and supported by the California Community Colleges, presents potential transfer students with the most direct path to a bachelor's degree in the CSU system. The LDTP project provides a set of "road maps" for students to follow that will ensure appropriate academic preparation and that will decrease time to graduation once LDTP students enter the CSU. Students may enter into an LDTP agreement up to the time they have completed 45 transferable units. Students who elect to follow the LDTP option will receive the highest priority for admission to a CSU campus.

"Highest priority for admission" is defined as a written guarantee of admission to a particular CSU campus and major, and it goes into effect when both the student and the CSU campus ratify an LDTP agreement. The guarantee is subject both to satisfactory completion of the agreement requirements and to the campus's ability to accommodate the student. Students will be asked to complete successfully a specified set of general education courses and major courses that will be common to all CSU campuses offering that major, and they will be asked to complete successfully an additional set of courses identified

by the particular CSU campus named in the LDTP agreement. The coursework in the systemwide and campus-specific LDTP pattern will total at least 60 units, the number needed to transfer to CSU as an upper-division student. Through CSUMentor and ASSIST, students and counselors will be able to find road maps detailing coursework preparation by CSU campus and major.

EDUCATION-TEACHING**ELEMENTARY OR SECONDARY**

Students desiring to teach in California public schools (K-12) must pursue a pattern of course work at RCCD suitable for transfer to a public or private university. Once a successful transfer has been made, students will follow a program leading to completion of baccalaureate degree requirements and preliminary teaching credential requirements defined by the California Commission on Teacher Credentialing. Information concerning the transfer requirements of various universities is available from the Counseling/Transfer Centers and the office of Teacher Preparation and Education Program Counselor.

Historically, RCC students interested in teaching careers have been able to complete all appropriate lower division liberal arts courses while enrolled here. Beginning in 2002 it is also possible for teacher education students to complete certain lower division courses in Education that transfer into the multiple-subject (Elementary) teacher education programs of nearby universities. Currently, a full articulation agreement exists with La Sierra University, Cal Baptist University, UCR, CSUSB, and many other institutions. Students are urged to check with their program adviser in the Counseling/Transfer Center or the counselor from the office of Teacher Preparation and Education Programs for the latest information.

COMMUNITY COLLEGE

The student planning to teach at the community college level must complete at least a Master's degree in a subject matter area normally taught in the community college.

VOCATIONAL

For teaching in occupational areas, a combination of work experience in the field (five to six years) and education is needed.

**ENGINEERING-MECHANICAL LOWER DIVISION
ENGINEERING CURRICULUM**

The Statewide Engineering Liaison Council encourages engineering transfer students to complete the prescribed Engineering Core and to obtain verification of that at the community college in order to assure transferability as a junior to any UC, CSU, or selected private four-year colleges and/or universities in the state.

The Engineering Core requirements, Riverside Community College's equivalent courses are: Mathematics 1A, 1B, 1C, 2; Chemistry 1A, 1B; Physics 4A, 4B, 4C; Engineering 17, 22, 35, 45; English 1A; Electives (8-12 units): Engineering 1A, 33; Machine Shop 51; Mathematics 4, 12; Chemistry 12A; Biology 1; Electronics 37.

To establish all necessary prerequisites to upper division courses, the Statewide Engineering Liaison Council indicates that it is imperative for engineering transfer students to concentrate on completing their technical (math, science, and engineering) course work and English 1A prior to transferring.

The requirements for the different fields of engineering may vary slightly from the outline listed above. All students should select classes to fulfill the core and/or general education requirements before transferring.

WORKSHOP COURSES

Each discipline of the college has the option of developing workshop courses that are specifically designated to be experimental courses. (They are developed by faculty members in the discipline and receive curriculum committee approval prior to being offered.) Workshop courses cannot be used to satisfy specific graduation requirements; however, they may be used as elective credit for the Associate degree. Courses with this designation may be periodically found in the semester schedule of classes.

OPEN CAMPUS

The Open Campus is responsible for distributing Distance Education and Faculty Technology Training. The goal of the Distance Education programs of the Open Campus is to make learning available anytime, anywhere for students who find it difficult to meet on campus at scheduled class times. The Open Campus is truly a "campus without walls," distributing courses through a variety of online-based technologies including the Internet and streaming media. Open Campus courses are academically equivalent to on-campus courses and fulfill RCCD General Education, elective, and/or major requirements, with many classes transferable to four-year institutions.* Some certificate programs offered at RCCD can be completed in a Distance Education

format. For further information about Distance Education options, visit www.opencampus.com.

*Always consult an RCCD counselor to review your Student Education Plan before taking any class to be sure it meets your particular goals.

COOPERATIVE WORK EXPERIENCE EDUCATION

The purpose of the Cooperative Work Experience Education Program is to provide students with an opportunity to increase their overall knowledge of their jobs by relating classroom theory with the world of work, while exposing them to the concepts of human relations in their business and personal lives. There are two work experience programs: general and occupational.

AUTOMOTIVE INTERNSHIP

Auto 99 is an internship designed to allow students to work in automotive dealerships in conjunction with an experienced technician. This class reinforces theories, concepts and practical applications taught in manufacturer specific automotive classes at Riverside City College.

GENERAL WORK EXPERIENCE EDUCATION

This program provides career guidance, job information, human relations, and other similar services for employed students. These jobs do not have to be related to the student's major. The job may be salaried or volunteer, but students must have a job before the beginning of the third week of class. The student earns 3 units per semester for 180-225 hours of volunteer or paid work experience, respectively, plus weekly attendance at a one hour lecture class. Students can take two (2) semesters of general work experience for a maximum of six (6) units. Veterans wishing to earn units and VA benefits must take occupational work experience.

OCCUPATIONAL WORK EXPERIENCE EDUCATION

Work Experience is a one hour per week class which allows students to earn up to 4 units per semester for experience gained through employment or volunteer service. Enroll in a general Work Experience section and you will be placed in your choice of one of the disciplines below.

Units Determination:

General Work Experience (not related to one of the occupational disciplines listed below) is 3 units only.

Occupational Work Experience (one of the disciplines shown below) varies from 1-4 units. For every one (1) unit of work experience credit students must complete 75 hours of paid work or 60 hours of volunteer work during the college semester. No more than 20 hours per week may be applied toward this work requirement. Below is a general guide to help students enroll in the appropriate number of units of work experience.

Hours Worked Per Week		Students should enroll in:
20-40 (paid)	15-40 (volunteer)	up to 4 units
14-19 (paid)	11-14 (volunteer)	up to 3 units
9-13 (paid)	7-10 (volunteer)	up to 2 units

CAREER AND TECHNICAL EDUCATION PROGRAMS

Riverside Community College District offers Associate of Science Degrees and Certificate Programs with occupational emphasis. Both provide instruction in the skills and knowledge needed to enter a skilled or professional occupation. Associate of Science Degree programs require completion of at least 60 units of credit, which normally take four semesters. Certificate programs, leading to an associate of science degree, require a minimum of 18 units, but vary in number of units required; most can be completed in two semesters. Certificates lead to employment. Each course required for the certificate must be completed with a “C” grade or better. All can be counted toward the degree as well as the major.

Need for Specialized Training

Many find it difficult to secure employment or to advance to increased responsibility and better-paying jobs without specialized training. General education has its values, to be sure, but in the early stages of one’s career it is the specific, technical skills that an employer seeks. The certificate is the best evidence that this specialized training has been secured; some employers actually require it as a condition of employment or for reclassification for higher pay.

Who Can Enroll in the Career and Technical Education Programs?

Individuals wishing to enroll at Riverside Community College District must file an official application in the Admissions and Records Office located on any of the District’s three campuses. Admission to Riverside Community College District is regulated by state law as prescribed in the California Education Code.

Certificate Course Requirements

Students should plan to enroll in the specific courses listed under the certificate desired. If a required course for a certificate program is no longer offered, please see the department chair to ascertain an acceptable course substitute. Fifty percent of the coursework required for any certificate pattern must be completed at Riverside Community College District.

HIGH SCHOOL ARTICULATED COURSES

The College/Secondary Articulation Program provides a method by which college credit can be given for articulated high school and

regional occupational courses, thereby preventing the student from duplicating course work in college and resulting in a smooth transition from secondary to post-secondary education. Students wishing to apply for articulated credit should contact Career and Technical Education for information and forms, (951) 222-8963. The following are high school articulated courses (RCCD course name is shown in italics):

The following list is subject to change throughout the year. Please visit www.rcc.edu/techprep to view a list of the most current articulation agreements.

Section VI

COURSE DESCRIPTIONS

COURSE DESCRIPTIONS

Riverside Community College District offers a comprehensive program of instruction for students who wish to transfer to four year institutions, complete an associate degree, train for specific occupations, or develop skills and knowledge. The information listed on courses and transferability is accurate as of the catalog publication date, but from time to time this varies based on changes that occur at four-year institutions. It is always advisable to check with a counselor and the four-year transfer institution for current updates. The following section includes a description of courses which the Board of Trustees has authorized the District to offer. The complete course outlines of record including student learning outcomes can be found at www.curricunet.com/RCCD.

The program of instruction is divided into major categories:

TRANSFER

College and university parallel courses are generally numbered 1 through 49. There are, however, many exceptions. See a counselor for information.

IGETC

Intersegmental general education transfer curriculum is a series of courses that RCCD students may use to satisfy lower division general education requirements at any CSU or UC campus. IGETC provides an option to the California State University general education requirements and replaces the University of California Transfer Code Curriculum.

UC/CSU

These designated courses are transferable to the campuses of the University of California and the California State University system. Those courses that are not marked UC are not transferable to University of California campuses. Those courses marked UC* indicate there are transfer credit limitations. Copies of the UC transfer course list indicating credit unit limitations are available in the Transfer/Career Center on all three campuses. When in doubt, students are advised to confer with a counselor.

DELIVERY METHODS

A variety of delivery methods are used to offer classes a Riverside Community College District, including face-to-face classroom instruction and distance delivery methods such as televised classes and online classes (taught entirely online utilizing computer and internet technology). Enrollment in online classes is limited to students who have demonstrated competency in working in the online environment. Please see the Open Campus section of the class schedule for details on meeting the limitation on enrollment for online classes.

NON-DEGREE CREDIT

Courses indicated as non-degree credit earn credit, but the credit is not counted toward the associate degree. These courses (Art 95 to 99; Computer Applications and Office Technology 99 ABCDE; English 60AB, 60A1, 60A2, 60A3, 60A4, 85, 90B; English as a Second Language 51, 52, 53, 65, 71, 72, 90 A-K, 91, 92, 95, Guidance 95; Mathematics 63, 64, 65, 90 A-F, 98; Nursing - Continuing Education 81, 83; Reading 81, 82, 83, 86, 87, 95; Spanish 85; Speech 52; and all practicum numbered 96, 96A, 97) are intended to help students develop skills necessary to succeed in college level degree-applicable courses. Non-degree credit courses can be used toward the following: athletic eligibility, work study, financial aid, social security benefits, veteran's benefits, associated student body office, and full-time status.

NON-TRANSFER

Several general education, occupational, vocational and technical courses are numbered 50 and above. Since these courses are not offered at four-year colleges and universities, they are not designed for transfer credit. Some exceptions do exist. Students are advised to confer with a counselor regarding possible transferability.

NON-CREDIT

These courses are numbered in the 800's and are non-credit classes. No unit credit is earned in these courses.

REPEATING A COURSE

Some courses, particularly in performance areas such as music, theater, and athletics where significant skill improvement is an important objective, may be repeated regardless of the grade earned. In these instances, for example, the student may repeat the course three times, for a maximum of four (4) total enrollments in the same activity. Beginning tennis, intermediate tennis, advanced tennis, for example, are considered as the same activity, and a student may enroll in the activity for a total of four (4) times.

LIMITATIONS ON ENROLLMENT

Please check course description carefully to see if there are any prerequisites, corequisites, advisory or other limitations on enrollment.

Prerequisite - When a course has a prerequisite, it means that the corresponding discipline has determined that the student must have certain knowledge to be successful in the course. The prior knowledge may be a skill (type 40 WPM), and ability (speak and write French fluently), a preparation score (placement test and prior academic background), or successful completion of a course (grade of C or better, P or CR). Completion of the prerequisite is required prior to enrolling in the class. **Successful completion of a prerequisite requires a grade of C or better, P (Pass) or CR (Credit). C-, D, F, NP (No Pass), NC (No Credit), or I are not acceptable.** Students currently enrolled in a prerequisite course at Riverside Community College District (i.e. Math 52) will be allowed to register for the succeeding class (i.e. Math 35). However, if the prerequisite course is not passed with at least a C grade, the student will be dropped from the succeeding class.

Corequisite - When a course has a corequisite, it means that a student is required to take another course concurrent with or prior to enrollment in the course. Knowing the information presented in the corequisite course is considered necessary for a student to be successful in the course. (Completion of, or concurrent enrollment in, Math 1A is required for Physics 4A.)

It is the student's responsibility to know and meet the course prerequisites and corequisites. These are stated in the course descriptions of the schedule of classes and the current college catalog. A student may be required to file proof of prerequisite and corequisite requirements.

Advisory - When a course has an advisory, it means that a student is recommended to have a certain preparation before entering the course. The preparation is considered advantageous to a student's success in the course. Since the preparation is advised, but not required, the student will not be blocked from enrolling in a class if he/she does not meet the advisory.

Verifying Prerequisites/Corequisites - It is the student's responsibility to know and meet the course prerequisites and corequisites. These are stated in the course descriptions within the Schedule of Classes and the RCCD Catalog.

If you have met the prerequisites at another accredited college or university, you must provide verification through one of the following:

- Submit official transcript(s) and complete a **Prerequisite Validation Form**.
- Submit unofficial transcript(s) or grade reports and complete a **Matriculation Appeals Petition**. Petitions approved on an unofficial transcript will be approved for one semester only. This will provide time for the student to request official transcripts.
- If you wish to challenge a prerequisite for courses other than English, ESL, math or reading on the basis of knowledge or ability or because of the unavailability of the prerequisite, submit a Matriculation Appeals Petition at any of our campus's counseling offices.
- Successful completion of some high school courses are accepted by the discipline as an appeal to existing prerequisites and/or corequisites. For more information about these acceptable courses, please call the prerequisite hotline at (951) 222-8808.

Petitions to challenge a prerequisite or to file a complaint of unlawful discrimination are available in the Counseling Offices on all three campuses.

CREDIT COURSES

Credit courses can be degree or non-degree applicable. Unlike non-credit courses, they do carry units based on the number of hours of lecture, lab, or both that are required in the official course outline for the course. These courses are in a wide variety of areas; each requires critical thinking, reading and writing, and assignments that are completed outside of class that require the student to study and work independently. Credit courses are approved by the district and campus Curriculum Committees and the Board of Trustees.

SCHOOL OF NURSING

Two curricula are offered in nursing: The Associate Degree Nursing Program leading to licensure as an R.N. and the Vocational Nursing Program leading to licensure as an L.V.N. The Associate Degree Nursing Program is accredited by the California Board of Registered Nursing (BRN) and the National League for Nursing Accrediting Commission (NLNAC). The Vocational Nursing Program is accredited by the California Bureau of Vocational Nursing and Psychiatric Technicians (BVNPT). Information concerning nursing education can be obtained from these agencies. You may write the BRN at 1625 Market Street, Sacramento, CA 95834-1924, Website: www.rn.ca.gov, or the BVNPT at 2535 Capitol Oaks Dr. Sacramento, CA 95833, Website: www.bvnpt.ca.gov, or the NLNAC at 61 Broadway New York, NY 10006 or call (800) 699-1656 Ext. 153; Website: www.nlnac.org.

HEALTH EXAMINATION AND CPR CERTIFICATION

All new and readmitting students are required to submit a CPR card (American Heart Association Healthcare Provider Course) valid for 2 years, and a completed health examination form with clearance permitting unrestricted functional activities essential to nursing practice in accordance with the American with Disabilities Act (1990). Health Exam and CPR Certification are not required at the time of application.

BACKGROUND CHECK AND DRUG SCREEN

All new and readmitting students are required to demonstrate a clear background check and clear drug screen prior to enrollment in clinical courses. The process for obtaining the background check is available in the School of Nursing office. This is a mandatory requirement of the clinical facilities where students do clinical training and cannot be waived. A valid U.S. social security number is required to complete the background check.

CITIZENSHIP AND IMMIGRATION STATUS VERIFICATION REQUIRED FOR VN/RN LICENSURE

The Federal Personal Responsibility and Work Opportunity Reconciliation Act requires government agencies to eliminate “public benefits” to individuals who cannot provide proof of their legal status in the United States. “Public benefit” has been interpreted to include a license issued by a state. This means that all applicants for licensure as vocational/registered nurses will be required to submit verification of citizenship or legal residence status in the United States. A license will not be issued until legal status in the United States has been confirmed by the Immigration and Naturalization Service.

Disclosure of Social Security Number

Disclosure of one’s social security number is mandatory for licensure by the BRN and BVNPT in accordance with Section 30 of the Business and Professions Code of Public Law 94-455 (42 USCA 405 (c) (2) (C)).

The Riverside Community College District Board of Trustees has adopted policies and procedures and has endorsed practices which provide for the District and its employees and students to be in compliance with all the applicable laws relation to prohibition of discrimination on the basis of gender, age, race, color, national-origin, religion, disability or sexual orientation.

Fingerprint Requirement

One requirement to qualify for the licensing examination is the submission of Live Scan fingerprints. These are evaluated by the California Department of Justice and the FBI.

VOCATIONAL NURSING (VN) PROGRAM

The Vocational Nursing Program is a certificate program that prepares graduates to qualify for the national licensing examination (NCLEX-PN) to become a Licensed Vocational Nurse. The 12 month full-time and 24 month part-time curricula provide student-centered instruction that conforms to regulations of the California Board of Vocational Nursing and Psychiatric Technicians. Classroom instruction is offered concurrently with clinical practice to assist the student in the application of nursing theory to actual nursing situations. To receive a certificate, a minimum grade of "C" must be earned in each nursing course, Anatomy and Physiology 10, and Psychology 9. New classes are admitted every fall. The program is 51 semester units. Information on Vocational Nursing Program admission/selection policies and procedures may be obtained by contacting the School of Nursing, (951) 222-8407.

"Public benefit" has been interpreted to include a license issued by a state. This means that all applicants for licensure as vocational/registered nurses will be required to submit verification of citizenship or legal residence status in the United States. A license will not be issued until legal status in the United States has been confirmed by the Immigration and Naturalization Service.

Disclosure of Social Security Number

Disclosure of one's social security number is mandatory for licensure by the BVNPT in accordance with Section 30 of the Business and Professions Code of Public Law 94-455 (42 USCA 405 (c) (2) (C)).

The Riverside Community College District Board of Trustees has adopted policies and procedures and has endorsed practices which provide for the District and its employees and students to be in

compliance with all the applicable laws related to prohibition of discrimination on the basis of gender, age, race, color, national-origin, religion, disability or sexual orientation.
