The meeting commenced at 12:58 pm

Approval of the March 9, 2021 minutes: Moved through agenda without approval.

Discussion Items:

Human Resources Plan Update

A few more updates to the HR plan are needed. The committee will approve it and move it forward before the end of the semester.

Professional Development

- CSEW
 - Each year RCC celebrates our classified professionals for one week (last year's event was cancelled). Events this year include a virtual scavenger hunt, a digital vision board, a virtual paint party, a virtual code-crackers event, and a drive through service awards. The awards will be going out to classified, faculty, and managers.
- PRT Visit Recommendations
 - The Partner Resource Team came out March 12th. They offered a menu of items to consider in regards to professional development. One item of consideration is creating a campus-wide professional development steering committee.
 - Another recommendation is creating an awareness campaign for the new ERP coming out.
 - Another recommendation is to join the online education initiative to expand the range of resources available for professional development.
 - A follow-up visit from the PRT will be scheduled in the Fall.

Meeting adjourned at 1:31pm.
