Course Exclusion - related to ADT modifications				
<u>POLS-20</u>	Latin American Politics	<i>At RCC, we feel that POLS 2 (Comparative), offered each semester and taught by our new faculty dedicated to that course, covers these specialized topics. We also don't want students to become confused between POLS 20 Latin American Politics and the high demand POLS 21 Latinx politics. POLS 22, Politics of the Middle East, has never been taught at RCC before. These courses are occasionally taught at MVC and Norco so we need to go the exemption route.</i>	R

<u>WKX-201</u>	General Work Experience	<i>This course is being deleted because the Title 5 amendments detailed in the August 30, 2023 Chancellor's Office memo, the need to have occupational work experience move through the specific disciplines in which it is offered, and the existence of WKX 200, there is no longer a need for WKX 201.</i>	MNR	
New Courses				
<u>CIS-910</u>	Introduction to Canvas: Essentials for Online Learning	<i>This course is the first of three in a series leading to a non-credit certificate. It has been developed to help students become proficient in navigating and utilizing the platform's features effectively. As Canvas is widely used for managing course materials, assignments, and course navigation, a foundational understanding is essential for academic success. Courses</i>	R	Hold

		<i>originally held at November 13 meeting because college committee wanted to ask for more info from originator (primarily why it is a three-course series); held again at December 9 meeting with repeated request for originator to join committee. Ongoing concern about three course series with additional concern that content divisions were even more a concern given that there are DE addenda for the courses; material in the third course seems necessary for students in the first course if taking online. Second recommendation to re-organize. Request to hold for originator to attend March 24 meeting.</i>
