

Riverside City College
RIVERSIDE COMMUNITY COLLEGE DISTRICT
Associate Degree Requirements
2024-2025

Graduation Requirements

The governing board of Riverside Community College District shall confer the associate degree or certificate of achievement upon the student who has completed the following requirements:

1. Residence Requirement

For an associate degree, students must complete 12 units in residence within the District.

For a certificate of achievement, students must complete 50% of the certificate's coursework at any of the colleges within the Riverside Community College District with 1 course completed at the college awarding the certificate.

For an apprenticeship certificate, registered apprentices must complete at least two terms of an approved registered apprenticeship program at Riverside Community College District, with a grade of "C" or better.

2. Grade Point Average Requirement

Completion of the requirements for the associate degree with a minimum cumulative grade point average of 2.0 in the degree-applicable courses. If units accumulated beyond those required for the degree lower a student's cumulative grade point average below 2.0, RCCD may compute the grade point average based solely on those courses used to satisfy the degree requirements, provided that the coursework used to compute the grade point average fulfill all major/area of emphasis and general education requirements.

If coursework is applied towards degree requirements from an institution using a "+/-" grading scale, the original grade points assigned by that institution as indicated on the transcript will be used to calculate the cumulative grade point average. Honors for graduation will be calculated in the same manner.

Each course in the associate degree's major requirements must be completed with a grade of "C" or better or a "P" if the course is taken on a "pass-no pass" basis.

Each course in a certificate of achievement must be completed with a grade of "C" or better or a "P" if the course is taken on a "pass-no pass" basis.

3. Unit Requirement

Associate of Arts and Associate of Science degrees require a minimum of 60 units of degree applicable coursework. Associate Degrees for Transfer (ADTs) require 60 units of CSU or UC transferable coursework.

Some courses are considered "non-degree applicable" and do not count towards the 60 unit minimum. For a listing of non-degree applicable courses and to see which courses are CSU-transferable, please see the Courses section of the catalog.

4. Catalog Rights

Graduation requirements apply to students who are enrolled for any term (summer, fall, winter, spring) indicated by this catalog: summer 2024 through spring 2025. Students who enrolled prior to this current year and who have maintained continuous enrollment have the option of meeting the current requirements or those in effect at the time their continuous enrollment began. Continuous enrollment is defined as attendance of one term during each academic year.

5. Academic Coursework Taken at Other Colleges and Universities

Transcripts from other accredited institutions, submitted as official documentation of a student's record, must be printed no more than 90 days/three months ago, be in a sealed envelope from the institution and be submitted to the Admissions & Records office at the student's home college. Course credit is accepted from institutionally-accredited institutions. Credit from institutions which are in candidacy status will be accepted after full accreditation is granted. The two years preceding full accreditation will also be applicable towards an associate degree.

6. **Petition for Graduation**

Students may apply for degrees and certificates during the following application periods:

Summer: First day of Summer term through July 15 to graduate in Summer

Fall: First day of Fall term through October 15 to graduate in Fall

Winter: First day of Winter term through February 1 to graduate in Winter or Spring

Spring: First day of Spring term through April 1 to graduate in Spring

Students who want to participate in the commencement ceremony must file their application by April 1 and may be missing no more than nine units to graduate. Students may earn more than one degree at the college.

7. **Certificate and Associate Degree Applications:**

Students will need to log into their MyPortal/WebAdvisor account online and choose Degree Application or Certificate Application from the Students Menu in order to apply for their degree/certificate. All official college transcripts or verifying documents must be on file with Riverside City College in order for the Evaluation/Graduation office to review applications and determine eligibility. A graduation check with a counselor is recommended before applying.

8. **General Education Requirements**

General Education is designed to introduce students to a breadth of study through which people comprehend the modern world. It reflects the conviction of Riverside Community College District that those who receive their degree must possess in common certain basic principles, concepts, and methodologies both unique to and shared by the various disciplines.

Students who have been awarded a bachelor's degree from an institutionally-accredited institution in the United States will be exempt from the general education requirements should they pursue an Associate of Arts or Science degree at one of the District's colleges. This does not apply to ADT's.

Students pursuing an associate degree must complete either the RCCD GE, CSU GE, or IGETC general education pattern:

Plan A: The RCCD general education pattern which requires a minimum of 24 units. (See page 3 of this document)

Plan B: The California State University General Education (CSUGE) pattern which requires completion of a minimum of 39 units. (See CSU GE Pattern, separate handout)

Plan C: The Intersegmental General Education Transfer Curriculum (IGETC) pattern which requires completion of a minimum of 34 (UC) or 37 (CSU) units. (See IGETC Pattern, separate handout)

Students should see a counselor for advice in selecting the general education plan that will best match their educational and career goal.

Scholastic Honors at Commencement:

Honors at commencement will be awarded to students with a cumulative GPA of 3.30 or higher. Their names are listed in the commencement program as receiving the Associate Degree with Distinction (3.30 GPA) or with Great Distinction (3.70 GPA). A gold tassel will be worn by students graduating with honors. Coursework taken during the final spring semester will not be used to calculate honors at commencement. Grade point averages are not rounded up. If coursework taken at one or more accredited colleges is used to satisfy degree requirements, the overall cumulative grade point average will include the combination of all grades from all transcripts used.

Dean's List:

Each semester, those students who have demonstrated outstanding scholastic achievement by completing at least 12 units of credit-graded work in one semester or 12 units of credit-graded work earned in no more than one academic year (fall, winter and spring, with summer being excluded) with a grade point average of 3.0 or better (completed units will be considered only once for a particular Dean's List) will be recognized by a letter from the Dean of Instruction.

Transfer Limitations:

Students who wish to transfer are encouraged to complete an associate degree prior to transfer. Transfer requirements are different than associate degree requirements. There may be transfer limitations of credits based on institutional accreditation, course modality, AP/IB, CLEP and other forms of Credit for Prior Learning (CPL) and any other relevant factors - please consult with a counselor to discuss any such limitations.
